

HARDING WILL CIRCLE MIDDLE WEST IN OCTOBER

Two Speaking Trips are Planned for Nominee

GOES TO BALTIMORE SUNDAY NIGHT

MARION, O., Sept. 22.—Two speaking trips, circling the mid-west and dipping as far south as Tennessee are to be made by Senator Harding during the first half of October. Under plans completed tonight at least eight formal addresses will be delivered and it is expected that in addition the Republican nominee will make impromptu speeches to crowds in various cities where short stops are scheduled.

During the latter half of the month other cities are to be visited, but the complete itinerary has not yet been arranged. It was indicated here that the two swings announced today would probably constitute the longest journeys to be taken and that proposals for a trip to the Pacific Coast had been definitely put aside.

The first of the two trips taking the nominee across the middle west will begin a week after his return on Sept. 29 from his excursion into Maryland, West Virginia and Kentucky. Leaving Marion on October 6, he will speak at Des Moines, Iowa, during the forenoon of October 7, at Omaha, Nebraska, that evening, at Kansas City, Mo., on the evening of October 8 and at Oklahoma City on the evening of October 9.

After a stop of only a few hours here he will depart again on October 12, speaking at Chattanooga, Tenn., October 13, at Louisville, Ky., Oct. 14, at Indianapolis, Ind., Oct. 15, and at St. Louis, Mo., on October 16. All of the set speeches on this trip are to be delivered in the evening. Whether the candidate will return to Marion after the St. Louis engagement was not announced here and it is understood to have been suggested that he may swing into South Dakota, North Dakota and Wisconsin during the next two days of the next week. Later in that week he is expected to visit New York and possibly some city in New England.

Chicago also has been under consideration as a point to be visited during late October and the Senator probably will close his campaign in one of the larger cities of Ohio. It is expected that he also will make several Ohio addresses during the week of his respite after his Maryland trip.

Today Senator Harding made no speeches and saw only a few of his visitors. During the afternoon he motored to Mansfield, forty miles away for a game of golf, which he said might be his last before election. He has front porch appointments for tomorrow and Saturday and will leave Sunday night for Baltimore.

THOMPSON CLAN IN STATE CAPITAL

There to Watch Canvas of Votes
Of Recent Primary.

Springfield, Ill., Sept. 22.—The gathering in Springfield today of a dozen leaders of the Thompson faction of the Republican party gave politics here tonight an intense air of anticipation. Among the leaders here are Len Small, candidate for governor; Richard Barr, candidate for attorney general; Charles N. Wheeler, clerk of Cook county circuit court; Assistant Corporation Counsel W. F. Mulvihill and representatives of Frank L. Smith.

It was announced in the secretary of state's office that the canvass of votes, which draws these visitors here, will not be completed until week after next. Delay of the Cook county certification was given as the cause of the postponement. It had previously been announced the canvass would be finished this week.

WANTS OF COAL CONSUMERS WILL BE TAKEN CARE OF

The National Association
Says for Them Not
to Worry

NEED NOT FILL BINS FOR WINTER

WASHINGTON, Sept. 22.—All wants of coal consumers, big and little will be adequately met before winter sets in, the national Coal association declared in a review of the coal situation throughout the country. Householders need not feel necessary fill their bins with the entire winter's supply at this time, declared the statement.

"By taking only enough coal now to tide them over December 1st the entire situation will work out with no great privation to any one."

For the immediate use of consumers in the middle west, where some public officials have been alarmed as to the wants of householders, the association suggested adoption of a cooperative program by railroads, coal operators and dealers so as to assure a supply until December. By that time it was said, that the wants of the northwest will have been filled, which it is pointed out is necessary before the close of navigation on the Great Lakes.

BOMB EXPLOSION MAY HAVE BEEN AN ACCIDENT—NOT PLOT

This is the Belief of Those
Investigating the
Disaster

MEN CLAIM TALKED TO DEATH WAGON DRIVER

NEW YORK, Sept. 22.—While the latest development in the investigation of Wall Street's explosion pointed to an accident rather than a plot, news despatches from other cities indicated that a mild epidemic of "bomb threats" had broken out throughout the country.

Cleveland, Boston, New Bedford, Trenton and New York were among cities which reported anonymous warnings of dire misfortune. Although authorities refused to regard these messages as the work of some practical joker or crank, nevertheless in every instance extra precautions to prevent outages were taken.

Talked to Driver of Wagon.

Virtually the only progress made in the investigation of the disaster last Thursday came tonight. Four men employed by a house wrecking concern walked into the municipal building and reported that ten minutes after the blast, they had been talking with the driver of the death wagon.

The workers said that the driver had rushed up to them and declared his wagon had been blown up while he was telephoning his employer for an address to which he had been ordered to take some building materials. Then he is said to have disappeared.

Assistant District Attorney Talley indicated tonight that the September grand jury investigating the disaster would be particularly interested in the story of these four men, the drivers had been charged to look for criminal negligence as well as conspiracy.

Tomorrow the Pythian Sisters will act upon a proposal to locate a permanent headquarters for the order in Springfield.

FARMERS ARE FACING GREAT ECONOMIC CRISIS

The Nation's Prosperity Depends on Bumper Crops

MUST ELIMINATE MIDDLEMAN PROFITS

CHICAGO, Sept. 22.—The American Farm Bureau federation, in a statement tonight, declared that America "is facing an agricultural economic condition which, if not intelligently dealt with, will lead to consequences so grave as to affect all industry to the point of imperiling the social order."

The statement says farmers must be given immediate help in transportation, finance and labor and recommends the following as remedial efforts which would go a long way toward solving agricultural difficulties:

What Is Needed

Preferential treatment in transportation to all farm produce and all goods necessary to conduct the business of farming.

More profits for farmers and better distribution systems which would tend to eliminate middlemen, and stabilize prices.

Ample finance, with rural banks assuming the obligation of financing the farmer with long and priority credits.

Protection from "wild cat" investments which were said to be taking millions of dollars from farms annually.

Equalization of agricultural and industrial labor wages, which the statement declares can be accomplished only by lowering industrial wages or increasing farm wages.

Encouragement of immigration. "We have tried to rehabilitate our country by every method except thru sweat of the brow," the statement says. "Many industries have been stimulated to the point that they are top heavy. Liberal extensions granted manufacturers of luxuries and non-essentials have been largely expended in driving up wages and the cost of living, while the producers of essentials have been overlooked. We need more capital rather than more credit."

Prosperity Depends on Crops

"The nation's prosperity depends primarily upon bumper crops, for agriculture is the basic foundation of every human endeavor. We are facing an age in which agriculture and industry must move forward hand in hand. Leaving the interest of the farming class entirely out of the question, it will be to the advantage of the nation to grant preferential consideration to agricultural requirements even the other industries may be temporarily handicapped."

Concerning transportation the statements says, "It will be months and even years before our transportation systems can be delivered to their normal efficiency" and that preference that has been granted agricultural produce immediately so as to move this year's crops.

Concerning profits, the statement adds that more profits for the farmer would not necessarily mean higher costs to the consumer.

"The consumer need not pay more, but the producer must receive more," it says. "In most cases we will find the remedy in elimination of excessive middlemen's profits."

WOULD CANONIZE MOTHER SETON

Washington, Sept. 22.—A movement to bring about the canonization as a saint of the Catholic Church of Mother Elizabeth Seton, founder of the Sisters of Charity in this country, was the chief subject of discussion at the opening today of the annual meeting of the American Hierarchy of the Church of the Catholic hierarchy.

Cardinal Gibbons informed the meeting that he had presented the cause of Mother Seton's canonization to Cardinal Vicaire, secretary of the congregation of Rites, in accordance with the unanimous request of the hierarchy at the last annual meeting.

YARDMAN PRESIDENT RUNS AFOUL LAW

St. Louis, Mo., Sept. 22.—Federal warrants charging conspiracy to limit the distribution and transportation of necessities in violation of the Lever act have been issued against James S. Eubanks, president of the St. Louis Yardmen's association which called the strike of switchmen here April 1, W. T. Douthitt, secretary of the organization and Rev. Nelson E. Areogood a Baptist minister the chaplain, it was announced today.

Bulletins From Here and There

ST. LOUIS, Mo., Sept. 22.—The total revenue of the Missouri, Kansas & Texas Railroad for 1919 was \$61,825,376, an increase of \$7,685,577 over 1918, according to the report of C. E. Schaff, receiver for the road, made public late today. Operating expenses totaled \$56,986,895, an increase of \$9,657,862 over the preceding year, the report shows.

OMAHA, Neb., Sept. 22.—Returns from Tuesday's constitutional election indicate both the industrial commission and woman suffrage carried. The count in 156 precincts out of the 1,900 gives the industrial commission 14,951 and 6,334 against. In the same precincts suffrage carried by 18,062 against 3,129.

ANNAPOLIS, Md., Sept. 22.—Ratification of the suffrage amendment was defeated late this evening when the house voted down the resolution by a vote of 50 to 43. Most of the ratification votes came from the Republicans.

SYRACUSE, N. Y., Sept. 22.—Republican campaign managers are making every effort to secure the hyphenated vote and are "making special appeals to the small, but very dangerous element which was not loyal during the war," Franklin D. Roosevelt, declared here tonight before a mass meeting of Syracuse Democrats.

G. A. R. MARCHERS ENTHUSIASTICALLY GREETED BY HOOSIERS

Illinois Department Heads
Parade of 15,000
Marchers

WILL ELECT OFFICERS THURSDAY

INDIANAPOLIS, Ind., Sept. 22.—Weary from marching but delighted with enthusiastic reception given them the 15,000 veterans of the Civil War who marched here today in the parade of the fifty-fourth annual encampment of the Grand Army of the Republic rested tonight.

On benches in downtown parks and around the Soldiers' and Sailors' Monument in the heart of the city, the veterans sat and talked of their march today and of the days when their hikes were longer and from which many of their comrades failed to return. The parade today covered a route less than a mile in length but it taxed the strength of many. A temperature of 85 degrees made marching uncomfortable too, and before the parade was finished many were carried to first aid stations to recover from mild heat prostrations.

There were no serious attacks, however.

Enthusiastic Greeting

The marchers today were greeted with a war time enthusiasm. The line of march led thru streets packed solidly with spectators and past office buildings and stores in which every window was crowded. A continuous roar of cheers greeted each contingent from the beginning of the parade until the end.

Leading the procession came the members of the Illinois department led by E. M. Armstrong of Peoria, department commander. Following Illinois veterans came the Wisconsin department led by a fife and drum corps, the fiftes squealing stirring tunes of the Civil War period.

Michigan and Iowa veterans followed.

The business sessions of the encampment will be held tomorrow when officers will be elected and the city chosen for the next encampment. The encampment will close Friday with the installation of the new officers.

TAGGART PLEDGES LAW ENFORCEMENT

Indianapolis, Ind., Sept. 22.—Effective enforcement of present prohibition law and opposition to any legislation increasing the legal alcoholic content of beverages was pledged by Thomas Taggart, of French Lick, Ind., Democratic candidate for United States senator in a letter made public here today.

OVERSEAS VETERANS GIVEN COMMISSIONS

Springfield, Ill., Sept. 22.—Six Chicago men, who served in the world war overseas as commissioned officers, were given commissions in the first regiment, Illinois Field Artillery, National Guard, by Adjutant General Frank S. Dickson today. Marshall Field, who was a captain overseas, was made captain of Battery F. Other appointments were as follows:

Battery D, Captain Samuel T. Lawton.
Battery C, Captain R. E. Myhr.
Battery A, Captain Charles A. Plamondon.

Harlan, Ky., Sept. 22.—Investigation by the Harlan county grand jury of the murder of Miss Laura Parsons, 26 year old school teacher, has been discontinued. Examination of witnesses and supposed clues, is was announced, failed to establish identity of the slayer of the girl, whose body was found about two weeks ago.

WILLIAMSON, W. V., Sept. 22.—United States troops on duty in the Mingo county, West Virginia coal strike region were called upon tonight to escort a number of laborers from the railroad station to Pond Creek, Kentucky, where they will take positions left vacant by striking miners.

PARIS, Sept. 22.—The stable of the late W. K. Vanderbilt has been sold to A. K. McComber, millionaire American horseman. It is understood here. The price named is 12,000,000 francs.

SEATTLE, Wn., Sept. 22.—The strike of 3,000 miners employed by the coal mines of Washington, called for tomorrow has been postponed until a referendum vote can be taken by local unions, it was announced today.

DALLAS, Texas, Sept. 22.—The National Rural Letter Carriers' Association in annual convention here today went on record against affiliating with the American Federation of Labor.

WASHINGTON, Sept. 22.—The Democratic national committee in a statement issued here tonight declared that membership of the United States in the league of nations this year would cost only a small fraction of a cent for each person in the country. The total cost for this country from last April to next January was placed at \$31,039.50.

REFUGEES FROM HURRICANE ARE RETURNING HOME

Thousands Who Left Galveston
Are on Their
Way Back

NO DEATHS REPORTED AT NEW ORLEANS

GALVESTON, Texas, Sept. 22.—Refugees who formed long queues yesterday around interurban and railway stations and fought for places on outgoing cars and trains before the tropical hurricane bore down upon the Texas coast today were slowly trickling back into the city from Houston, Dickinson and other mainland cities.

About six thousand people left the city yesterday and last night. Reassured by the storm swerve late last night into the Louisiana coast people generally consider all danger past.

All industry thruout the city generally has resumed normal operations while along the water front the work of loading and discharging cargo proceeded as usual.

Shipping circles tonight considered the gulf safe for vessels. Eight ships departed and three arrived in port today.

No Deaths Reported

New Orleans, La., Sept. 22.—The tropical hurricane that passed inland near Morgan City last night apparently had spent its force before reaching the gulf coast, and reports coming in its wake indicate only minor damage. No deaths were reported.

Wire communication however, was difficult tonight and railroad schedules had been revised because of weakened bridges and washed out road beds. Available information did not warrant any great anxiety regarding the Louisiana sugar and rice crops.

MARSHALL ASKS MASONS TO KEEP AMERICA SAFE

Vice President Makes Plea
At Banquet in
Chicago

SAYS NONE SO WELL FITTED FOR WORK

CHICAGO, Sept. 22.—An appeal to the Masonic fraternity to "keep America safe" was made by Vice President Marshall in an address at the banquet tonight of the supreme council, thirty-third degree Scottish Rite Masons of America. Other speakers were Governor Lowden of Illinois and Barton Smith of Toledo, sovereign grand commander of the supreme council.

When Vice President Marshall was introduced by the toastmaster "as an official," the vice president said:

Give Boy Fair Chance

"To call the vice president of the United States an official is an outrage. Bring your son up to become a president of the United States, but don't let him run for the vice presidency. Give the lad a fair chance."

He paid tribute to the man who labors with his hands and said that no wage is too high for him. He closed with an appeal to "search your soul and see what you can find to do that this country shall endure, for there are none who can and will keep America safe better than you."

VERBAL CLASHES ENLIVEN SENATE INVESTIGATION

William Barnes Questions Committee's Authority

THOMPSON AND REED CLASH

WASHINGTON, Sept. 22.—The senate investigating committee again plunged into the seas of Republican and Democratic campaign financing today but the record had little affirmative information on party funds at the close of the session to add to what had previously been disclosed.

Two flat denials connected with charges that have figured in previous testimony were produced however. One was entered by William Barnes, Jr., who asserted that the book "Republicanism in 1920" published by his company the Albany (N. Y.) Journal had no connection with the Republican national committee was a private commercial venture.

The other denial was made by George T. Carroll of Elizabeth, N. J., president of the National Retail Liquor Dealers of America, and of the Federated Liquor Industries of New Jersey who said that such support as these organizations had given the candidacy of Governor Cox for the presidency was in no way connected with the Democratic party financing.

Challenged Committee's Authority

Mr. Barnes carried his denial to the extent of challenging the committee's right to demand subscription lists for the book published by his concern. He questioned its authority to call for an accounting as to a private business venture contending that the explanation he made showed the work not to be a campaign document.

After an argument with Senator Reed, Democrat, Missouri, who insisted that a form of subscription contract differing from those produced by the witness was already in the record, completion of Mr. Barnes' examination went on until tomorrow. Mr. Carroll acknowledged having authorized the sending out from his office of letters urging liquor dealers in the National association to aid the Cox and Roosevelt ticket.

The letter before the committee, he said, had been read to him over the telephone for approval but he said he did not recall the paragraph specifically urging that the Democratic candidates be supported.

No official action had been taken by either organization of which he was head to endorse a presidential ticket, he said, although it had been decided to urge election of a "liberal congress, regardless of what party they represent."

A total of less than \$2,500 had been received in response to their circular letter, Carroll said adding that no campaign literature had as yet been put out.

Gerard Is Witness

The first witness heard today was James W. Gerard former ambassador to Germany and now chairman of the finance committee of the Democratic national committee and submitted his books to show all contributors to a fund which yesterday totaled \$128,821. The witness told Chairman Kenyon that a national campaign fund of \$15,000,000 would "shock public conscience and insure the defeat of the party that raised it."

He denied knowledge of any "sinister" influence at work to aid the Republican campaign fund.

Mr. Gerard expressed the opinion that \$2,000,000 should be an ample national campaign fund for any party and added that he would be happy to get \$1,000,000 or even \$800,000.

Included in the list of Democratic contributors he presented were several with sums of \$5,000, and one, Edward L. Doherty reaching a total of \$6,500. The \$5,000 group included B. M. Baruch, Charles B. Alexander, Joseph E. Willard and August Belmont.

Thompson and Reed Clash

The sharpest clash of the session came during the testimony of Colonel William Boyce Thompson, chairman of the ways and means committee of the Republican national committee whose association that charges of a Republican "slush" fund were all "bunk" aroused Senator Reed.

During the interchange Thompson asserted that "big business" as represented by Wall street financial interests were more behind Governor Cox than Senator Harding and declared Cox himself was "not a stranger to Wall street."

"What about it," Chairman Kenyon asked, while Senator Edge interjected:

"He's been in Wall street, has he?"

"That fellow got his millions too," Colonel Thompson answered. And got most of them down around Wall street."

Senator Reed demanded if the witness knew of a "crooked dollar" Governor Cox had made and Thompson answered "no."

WOULD ESTABLISH NATIONAL SELLING AGENCY FOR WOOL

Steps Taken by Farm Bureau
Federation of Middle
West

WOULD DEAL WITH MANUFACTURERS

MANHATTAN, Kans., Sept. 22.—Steps were taken here today at a meeting of the president and secretaries of the Farm Bureau Federation of the middle western states to handle all wool grown in the United States. A resolution was adopted asking J. H. Rhodes, president, to appoint a committee to meet immediately to work out plans for a national selling agency.

The first problem to be met by the agency thus formed it was stated, probably will be the marketing of more than 30,000,000 pounds of wool already accumulated in pools in the middle west and Texas. Wool was pooled last spring by the growers in these states and taken over by the state federations when the wool commission houses refused to send buyers to different central wool sales arranged in counties and sections where the wool was pooled.

The central association will attempt to deal directly with the manufacturers of woolen goods in the east. This will be done by gathering all wool in a county into a central pool by local wool growers.

WATKINS STIRS UP MEMBERS OF THE PROHIBITION PARTY

Offers to Withdraw from the
ticket Under Certain
Conditions

MEMBERS OF PARTY TAKE ISSUE WITH HIM

WASHINGTON, Sept. 22.—Senator Harding and Governor Cox, Republican and Democratic presidential candidates respectively, were promised today by Aaron S. Watkins, the prohibition party's candidate that he would withdraw from the race if either of them pledged his support to the dry program.

Mr. Watkins' announcement was made in an address before the International Congress Against Alcoholism. He said later that he would embody his proposal in telegrams to Candidates Harding and Cox.

Watkins Would Withdraw

"I ask only two things of the other candidates," Mr. Watkins told the congress. "Whenever any one of them pledges himself to enforce the eighteenth amendment and enforce the Volstead act, if elected, and to use all of his power and influence to retain them as a part of the nation's law I will agree to ask our national committee to release me from the ticket."

P. A. Baker, general superintendent of the Anti-Saloon League precipitated a near clash by an address the trend of which was an appeal for all prohibition workers to support the dry candidates on the major tickets and thereby avoid possibility of anti-prohibitionists being elected locally.

At the conclusion of Mr. Baker's speech, Mr. Watkins hurried to the platform and declared his intention to withdraw when the other candidates had given a proper pledge. The prohibition nominee asserted "he was fighting for a cause and not for a party, and when that party stands in the way, I will hurry to my national committee and say 'let's dissolve this party for all time'."

Would Not Dissolve Party

There were numerous members of the prohibition party in the audience and many of them joined in a chorus of "noes" declaring they proposed to stick by their party. Others without obtaining recognition from the chairman criticized Mr. Baker's attitude and the congress for several minutes was in an uproar.

Dr. Harvey W. Wiley, former chief chemist of the department of agriculture in a speech earlier in the session expressed the belief that the prohibition party should not have nominated a national ticket. He believed its work was practically finished when the eighteenth amendment was adopted, he said.

Dr. Wiley also declared the prohibition amendment never would be repealed or softened because the country's business would stand like a rock against it.

MEN'S CLOTHES TO BE CHEAPER

Chicago, Sept. 22.—Recent price reductions of from 20 to 25 per cent announced by textile manufacturers will be reflected in the prices of men's clothing next spring, Eli Strouse, president of the National Clothing Manufacturers' Association declared tonight at the association's convention.

Mr. Strouse added that "men's" clothing prices cannot go down more quickly than the high cost of labor and materials and that people must remember that "the cost of textiles is not the only factor entering into clothing prices."

GOVERNOR COX'S CAMPAIGN TRAIN WRECKED IN ARIZONA

Party Severely Shaken Up But None Seriously Injured

UNABLE TO FILL PRESIDENTIAL ENGAGEMENT

PHOENIX, Ariz., Sept. 22.—Governor Cox's presidential campaign train was wrecked about 4:30 o'clock today, 14 miles north of here, while en route to Prescott, Ariz.

The Democratic presidential candidate and his party were badly shaken up when an engine and four cars of the special train were derailed, but all escaped serious injury. The most seriously injured was Charles A. Nichols, engineer of Prescott, who had a leg broken in jumping from his cab when his engine toppled over.

Spreading rails were assigned by railroad men as the cause of the wreck which compelled the governor and his party to return here tonight and cancel his evening address at Prescott. His future itinerary also was upset.

The accident occurred a half mile out of Peoria, a village on the Santa Fe railroad, 14 miles north of Phoenix. After delivering several speeches here, the train consisting of six cars and drawn by two heavy engines needed for the upgrade to Prescott left here at 4 o'clock.

About a half hour later while running at a speed estimated at between 35 and 40 miles an hour, the train jarred suddenly as if in collision and then application of the emergency brakes, bumping over broken rails and ties and careening of cars told passengers the story.

Governor's Car Stays on Rails

The four forward cars were derailed, the governor's private car, the Federal, at the rear and the adjoining compartment car of newspapermen, except for its forward truck remaining on the rails.

A baggage coach jumped the track about 15 feet and turned over on its side. Two passenger coaches and another compartment car behind also slewed ten feet or less from the track and partly toppled over.

The first engine of the double header, Engineer F. C. Sutton of Prescott said, left the rails first and then jumped on again, but the second engine toppled over amid a cloud of escaping steam. The tender of the forward engine also fell over while the first passenger coach ran the length of the overturned baggage car and jammed its forward end into the trucks.

All of the passengers on all cars were thrown topsy turvey. Some suffered bruises and cut from flying glass. In the rush for escape, several women passengers in the coaches were put thru broken windows.

Governor Cox was in the dining room of his private car going over papers with Dr. Robert C. Goldsmith, his assistant on the league of nations questions when the crash occurred.

Assists in Care of Injured

"What's that?" he shouted, rising to his feet only to be thrown heavily across the car into a steel wall. He was shaken up, but rushed out to assist the injured and soon was nonchalantly viewing the wreckage, smoking his pipe and waiting for a wrecking train to arrive and take him back to Phoenix.

Of the passengers, including several of the local reception committee, Dr. Prescott and Phoenix, Judge E. E. Hollinger, of the Mojave county court, suffered a bruised leg. Several others had cuts and bruises and torn clothing.

Personal effects of all members of the train were scattered and broken. That Governor Cox escaped injury

HARDING WILL CIRCLE MIDDLE WEST IN OCTOBER

Two Speaking Trips
are Planned for
Nominee

GOES TO BALTIMORE
SUNDAY NIGHT

MARION, O., Sept. 22.—Two speaking trips, circling the middle west and dipping as far south as Tennessee are to be made by Senator Harding during the first half of October. Under plans completed tonight at least eight formal addresses will be delivered and it is expected that in addition the Republican nominee will make impromptu speeches to crowds in various cities where short stops are scheduled.

During the latter half of the month other cities are to be visited, but the complete itinerary has not yet been arranged. The first stop was made at Des Moines, Iowa, where he was expected to deliver several speeches here, the town of Des Moines, Iowa, during the forenoon of October 7 at Omaha, Nebraska, that evening, at Kansas City, Mo., on the evening of October 8 and at Oklahoma City on the evening of October 9.

After a stop of only a few hours here he will depart again on October 12, speaking at Chattanooga, Tenn., October 13, at Louisville, Ky., Oct. 14, at Indianapolis, Ind., Oct. 15, and at St. Louis, Mo., on October 16. All of the speeches on this trip are to be delivered in the evening. Whether the candidate will return to Marion after the St. Louis engagement was not announced here and it is understood to have been suggested that he may swing into South Dakota, North Dakota and Wisconsin during the first two days of the next week. Later in that week he is expected to visit New York and possibly some city in New England.

Chicago also has been under consideration as a point to be visited during late October and the Senator probably will close his campaign in one of the larger cities of Ohio. It is expected that he also will make several Ohio addresses during the week of his respite after his Maryland trip.

Today Senator Harding made no speeches and saw only a few of his visitors. During the afternoon he motored to Mansfield, forty miles away for a game of golf, which he said might be his last before election. He has front porch appointments for tomorrow and Saturday and will leave Sunday night for Baltimore.

Springfield, Ill., Sept. 22.—The gathering in Springfield today of a dozen leaders of the Thompson faction of the Republican party gave political gossip here tonight an intense air of anticipation. Among the leaders here are Len Small, candidate for governor; Richard Barr, candidate for attorney general; Charles N. Wheeler, publicity writer; August Miller, clerk of Cook county circuit court; Assistant Corporation Counsel W. F. Mulvihill and representatives of Frank L. Smith.

It was announced in the secretary of state's office that the canvass of votes, which draws these visitors here will not be completed until week after next. Delay of the Cook county certification was given as the cause of the postponement. It had previously been announced the canvass would be finished this week.

WASHINGTON, Sept. 22.—All wants of coal consumers, big and little will be adequately met before winter sets in, the national coal association declared in a review of the coal situation throughout the country. For the immediate use of consumers in the middle west, where some public officials have been alarmed as to the wants of householders, the association suggested adoption of a cooperative program by railroads, coal operators and dealers so as to assure a supply until December. By that time it was said, that the wants of the northwest will have been filled, which it is pointed out is necessary before the close of navigation on the Great Lakes.

Although authorities professed to regard these messages as the work of some practical joker or crank, nevertheless in every instance extra precautions to prevent outages were taken.

Talked to Driver of Wagon.

Talked to the only person made in the investigation of the disaster last Thursday came tonight. Four men employed by a house wrecking concern walked into the municipal building and reported that ten minutes after the blast, they had been talking with the driver of the death wagon.

The workers said that the driver had rushed up to them and declared his wagon had been blown up while he was telephoning his employer for an address to which he had been ordered to take some building materials. Then he is said to have disappeared.

Assistant District Attorney Talley indicated tonight that the September grand jury investigating the disaster would be particularly interested in the story of these four men as the jurors had been charged to look for criminal negligence as well as conspiracy.

Grand Trustee for Three Years—Nellie Sanders, Galva.

Member Pythian Home Board—Laura Carnes, Chicago.

Tomorrow the Pythian Sisters will act upon a proposal to locate a permanent headquarters for the order in Springfield.

FARMERS ARE FACING GREAT ECONOMIC CRISIS

The Nation's Prosperity
Depends on
Bumper Crops

MUST ELIMINATE
MIDDLEMAN PROFITS

CHICAGO, Sept. 22.—The American Farm Bureau federation, in a statement tonight, declared that America "is facing an agricultural economic condition which, if not intelligently dealt with, will lead to consequences so grave as to affect all industry to the point of imperiling the social order."

The statement says farmers must be given immediate help in transportation, finance and labor and recommends the following as remedial efforts which would go a long way toward solving agricultural difficulties:

What Is Needed

Preferential treatment in transportation to all farm produce and all goods necessary to conduct the business of farming.

More profits for farmers and better distribution systems which would tend to eliminate middlemen, and stabilize prices.

Ample finance, with rural banks assuming the obligation of financing the farmer with long and priority credits.

Protection from "wild cat" investments which were said to be taking millions of dollars from farms annually.

Equalization of agricultural and industrial labor wages, which the statement declares can be accomplished only by lowering industrial wages or increasing farm wages.

Encouragement of immigration.

"We have tried to rehabilitate our country by every method except through sweat of the brow," the statement says. "Many industries have been stimulated to the point that they are top heavy. Liberal credit has had the effect of inflating values. Abnormal credit extensions granted manufacturers have kept them from efficiency."

Prosperity Depends on Crops.

"The nation's prosperity depends primarily upon bumper crops, for agriculture is the basic foundation of every human endeavor. We are facing an age in which agriculture and industry must move forward hand in hand. Leaving the interest of the farming class entirely out of the question, it will be to the advantage of the nation to grant preferential consideration to agricultural requirements even the other industries may be temporarily handicapped."

Concerning transportation the statement says, "It will be months and even years before our transportation systems can be delivered to their normal efficiency and that preference has been granted agricultural produce immediately so as to move this year's crops."

Concerning profits, the statement adds that more profits for the farmer would not necessarily mean higher costs to the consumer.

"The consumer need not pay more, but the producer must receive more," it says. "In most cases we will find the remedy in elimination of excessive middlemen's profits."

WOULD CANONIZE MOTHER SETON

Steps Taken to Bring About Her
Canonization as Saint of
Catholic Church—Was
Founder of Sisters of Charity.

Washington, Sept. 22.—A movement to bring about the canonization as a saint of the Catholic Church of Mother Elizabeth Seton, founder of the Sisters of Charity in this country formed the chief subject of discussion at the opening today of the annual meeting of the American Hierarchy of the Church of the Catholic hierarchy.

Cardinal Gibbons informed the meeting that he had presented the cause of Mother Seton's canonization to Cardinal Vico, vicar secretary of the congregation of Rites, in accordance with the unanimous request of the hierarchy at the last annual meeting.

Bulletins From Here and There

ST. LOUIS, Mo., Sept. 22.—The total revenue of the Missouri, Kansas & Texas Railroad for 1919 was \$61,825,376, an increase of \$7,636,577 over 1918, according to the report of C. E. Schaff, receiver for the road, made public late today. Operating expenses totalled \$56,986,895, an increase of \$9,657,862 over the preceding year, the report shows.

OMAHA, Neb., Sept. 22.—Returns from Tuesday's constitutional election indicates both the industrial commission and woman suffrage carried. The count in 456 precincts out of the 1,990 gives the industrial commission 14,951 and 6,334 against. In the same precincts suffrage carried by 18,062 against 3,129.

ANNAPOLIS, Md., Sept. 22.—Ratification of the suffrage amendment was defeated late this evening when the house voted on the resolution by a vote of 56 to 43. Most of the ratification votes came from the Republicans.

SYRACUSE, N. Y., Sept. 22.—Republican campaign managers are making every effort to secure the hyphenated vote and are "making special appeals to the small, but very numerous element which was not loyal during the war," Franklin D. Roosevelt, declared here tonight before a mass meeting of Syracuse Democrats.

G. A. R. MARCHERS ENTHUSIASTICALLY GREETED BY HOOSIERS

Illinois Department Heads
Parade of 15,000
Marchers

WILL ELECT OFFICERS
THURSDAY

INDIANAPOLIS, Ind., Sept. 22.—Refugees from marching but delighted with enthusiastic reception given them the 15,000 veterans of the Civil War who marched here today in the parade of the fifty fourth annual encampment of the Grand Army of the Republic rested tonight.

On benches in downtown parks and around the Soldiers' and Sailors' Monument in the heart of the city, the veterans sat and talked of their march today and of the days when their hikes were longer and from which many of their comrades failed to return. Their parade today covered a route less than a mile in length but it taxed the strength of many. A temperature of 85 degrees made marching uncomfortable too, and before the parade was finished many were carried to first aid stations to recover from mild heat prostrations.

There were no serious attacks, however.

Enthusiastic Greeting

The marchers today were greeted with a war time enthusiasm. The line of march led through streets packed solidly with spectators and past office buildings and stores in which every window was crowded with a continuous roar of cheers greeted each contingent from the beginning of the parade until the end.

Leading the procession came the members of the Illinois department led by E. M. Armstrong of Peoria, department commander. Following Illinois veterans came the Wisconsin department led by a life and drum corps, the fife squad stirring tunes of the Civil War period.

Michigan and Iowa veterans followed.

The business sessions of the encampment will be held tomorrow when officers will be elected and the city chosen for the next encampment. The encampment will close Friday with the installation of the new officers.

TAGGART PLEDGES LAW ENFORCEMENT

Indianapolis, Ind., Sept. 22.—Effective enforcement of present prohibition law and opposition to any legislation increasing the legal alcoholic content of beverages was pledged by Thomas Taggart, of French Lick, Ind., Democratic candidate for United States senator in a letter made public here today.

OVERSEAS VETERANS GIVEN COMMISSIONS

Springfield, Ill., Sept. 22.—Six Chicago men, who served in the world war overseas as commissioned officers, were given commissions in the first regiment, Illinois Field Artillery, National Guard, by Adjutant General Frank S. Dickson today. Marshall Field, who was a captain overseas, was made captain of Battery F. Other appointments were as follows:

Battery D, Captain Samuel T. Lawton.

Battery C, Captain R. E. Myhrman, and First Lieutenants J. H. Anderson and Herman Harder.

Battery E, Captain Charles A. Plamondon.

Harlan, Ky., Sept. 22.—Investigation by the Harlan county grand jury of the murder of Miss Laura Parsons, 26 year old school teacher, has been discontinued. Examination of witnesses and supposed clues, is announced, failed to establish identity of the slayer of the girl, whose body was found about two weeks ago.

WILLIAMSON, W. V., Sept. 22.—United States troops on duty in the Mingo county, West Virginia coal strike region were called upon tonight to escort a number of laborers from the railroad station to Pond Creek, Kentucky, where they will take positions left vacant by striking miners.

PARIS, Sept. 22.—The stable of the late W. K. Vanderbilt has been sold to A. K. McComber, millionaire American horseman. It is understood here. The price named is 12,000,000 francs.

SEATTLE, Wash., Sept. 22.—The strike of 3,000 miners employed by the coal mines of Washington, called for tomorrow has been postponed until a referendum vote can be taken by local unions, it was announced today.

DALLAS, Texas, Sept. 22.—The National Rural Letter Carriers' Association in annual convention here today went on record against affiliating with the American Federation of Labor.

WASHINGTON, Sept. 22.—The Democratic national committee in a statement issued here tonight declared that membership of the United States in the league of nations this year would cost only a small fraction of a cent for each person in the country. The total cost for this country from last April to next January was placed at \$31,039.50.

REFUGEES FROM HURRICANE ARE RETURNING HOME

Thousands Who Left Galveston
Are on Their
Way Back

NO DEATHS REPORTED
AT NEW ORLEANS

GALVESTON, Texas, Sept. 22.—Refugees who formed long queues yesterday around interurban and railway stations and fought for places on outgoing cars and trains before the tropical hurricane blew down upon the Texas coast today were slowly trickling back into the city from Houston, Dickinson and other mainland cities.

About six thousand people left the city yesterday and last night. Reassured by the storm swerve late last night into the Louisiana coast people generally consider all danger past.

All industry throughout the city generally has resumed normal operations while along the water front the work of loading and discharging cargo proceeded as usual.

Shipping circles tonight considered the gulf safe for vessels. Eight ships departed and three arrived in port today.

No Deaths Reported.

New Orleans, La., Sept. 22.—The tropical hurricane that passed inland near Morgan City last night apparently had spent its force before reaching the gulf coast, and reports coming in its wake indicate only minor damage. No deaths were reported.

Wire communication however, was difficult tonight and railroad schedules had been revised because of weakened bridges and washed out road beds. Available information did not warrant any great anxiety regarding the Louisiana sugar and ice crops.

MARSHALL ASKS MASONS TO KEEP AMERICA SAFE

Vice President Makes Plea
At Banquet in
Chicago

SAYS NONE SO WELL
FITTED FOR WORK

CHICAGO, Sept. 22.—An appeal to the Masonic fraternity to "keep America safe" was made by Vice President Marshall in an address at the banquet tonight of the supreme council, thirty-third degree Scottish Rite Masons for the North Masonic jurisdiction of America. Other speakers were Governor Lowden of Illinois and Barton Smith of Toledo, sovereign grand commander of the supreme council.

Governor Lowden said that members of the Masonic craft had been of untold help to him in the early pre-war days and later in the days of reconstruction and praised their work during the great war.

When Vice President Marshall was introduced by the toastmaster "as an official," the vice president said:

Give Boy Fair Chance

"To call the vice president of the United States an official is an outrage. Bring your son up to become a president of the United States, but don't let him run for the vice presidency. Give the lad a fair chance."

He paid tribute to the man who labors with his hands and said that no wage is too high for him. He closed with an appeal to "search your soul and see what you can find to do that this country shall endure, for there are none who can and will keep America safe better than you."

VERBAL CLASHES ENLIVEN SENATE INVESTIGATION

William Barnes Questions
Committee's
Authority

THOMPSON AND
REED CLASH

WASHINGTON, Sept. 22.—The senate investigating committee again plunged into the seas of Republican and Democratic campaign financing today but the record had little affirmative information on party funds at the close of the session to add to what had previously been disclosed.

Two flat denials connected with charges that have figured in previous testimony were produced however. One was entered by William Barnes, Jr., who asserted that the book "Republicanism in 1920" published by his company the Albany (N. Y.) Journal had no connection with the Republican national committee was a private commercial venture.

The other denial was made by George T. Carroll of Elizabeth, N. J., president of the National Retail Liquor Dealers of America, and of the Federated Liquor Industries of New Jersey who said that such support as these organizations had given the candidacy of Governor Cox for the presidency was in no way connected with the Democratic party financing.

Challenged Committee's Authority

Mr. Barnes carried his denial to the extent of challenging the committee's right to demand subscription lists for the book published by his concern. He questioned its authority to call for an accounting as to a private business venture contending that the explanation he made showed the work not to be a campaign document.

After an argument with Senator Reed, Democrat, Missouri, who insisted that a form of subscription contract differing from those produced by the witness was already in the record, completion of Mr. Barnes examination went over until tomorrow. Mr. Carroll acknowledged having authorized the sending out from his office of letters urging liquor dealers in the National association to aid the Cox and Roosevelt ticket.

The letter before the committee, he said, had been read to him over the telephone for approval but he said he did not recall the paragraph specifically urging that the Democratic candidates be supported.

No official action had been taken by either organization of which he was head to endorse a presidential ticket, he said, although it had been decided to urge election of a "liberal congress, regardless of what party they represent."

A total of less than \$2,500 had been received in response to their circular letter, Carroll said adding that no campaign literature had as yet been put out.

Gerard Is Witness.

The first witness heard today was James W. Gerard former ambassador to Germany and now chairman of the finance committee of the Democratic national.

He gave the full membership of committee and submitted his books to show all contributors to a fund which yesterday totalled \$128,821. The witness told Chairman Kenyon that a national campaign fund of \$15,000,000 would "shock public conscience and insure the defeat of the party that raised it."

He denied knowledge of any "sinister" influence at work to aid the Republican campaign fund.

Mr. Gerard expressed the opinion that \$2,000,000 should be an ample national campaign fund for any party and added that he would be thankful to get \$1,000,000 or even \$800,000.

Included in the list of Democratic contributors he presented were several with sums of \$5,000, and one, Edward L. Doherty reaching a total of \$6,500. The \$5,000 group included B. M. Baruch, Charles B. Alexander, Joseph E. Willard and August Belmont.

Thompson and Reed Clash.

The sharpest clash of the session came during the testimony of Colonel William Boyce Thompson, chairman of the ways and means committee of the Republican national committee whose assertions that charges of a Republican "slush" fund were all "bunk" aroused Senator Reed.

During the interchange Thompson asserted that "big business" as represented by Wall street financial interests were more behind Governor Cox than Senator Harding and declared Cox himself was "not a stranger to Wall street."

"What about it," Chairman Kenyon asked, while Senator Edge interjected:

"He's been in Wall street, has he?"

"That fellow got his millions too," Colonel Thompson answered. And got most of them down around Wall street."

Senator Reed demanded if the witness knew of "a crooked dollar" Governor Cox had made and Thompson answered "no."

WOULD ESTABLISH NATIONAL SELLING AGENCY FOR WOOL

Steps Taken by Farm Bureau
Federation of Middle
West

WOULD DEAL WITH
MANUFACTURERS

MANHATTAN, Kans., Sept. 22.—Steps were taken here today at a meeting of the president and secretaries of the Farm Bureau Federation of the middle western states to handle all wool grown in the United States. A resolution was adopted asking J. H. Rhodes, president, to appoint a committee to meet immediately to work out plans for a national selling agency.

The first problem to be met by the agency thus formed it was stated, probably will be the marketing of more than 30,000,000 pounds of wool already accumulated in pools in the middle west and Texas. Wool was pooled last spring by the growers in these states and taken over by the state federations when the wool commission houses refused to send buyers to different central wool sales arranged in counties and sections where the wool was pooled.

The central association will attempt to deal directly with the manufacturers of woolen goods in the east. This will be done by gathering all wool in a county into a central pool by local wool growers.

WATKINS STIRS UP MEMBERS OF THE PROHIBITION PARTY

Offers to Withdraw from the
ticket Under Certain
Conditions

MEMBERS OF PARTY
TAKE ISSUE WITH HIM

WASHINGTON, Sept. 22.—Senator Harding and Governor Cox, Republican and Democratic presidential candidates respectively, were promised today by Aaron S. Watkins, the prohibition party's candidate that he would withdraw from the race if either of them pledged his support to the dry program.

Mr. Watkins' announcement was made in an address before the International Congress Against Alcoholism. He said later that he would embody his proposal in telegrams to candidates Harding and Cox.

Watkins Would Withdraw

"I ask only two things of the other candidates," Mr. Watkins told the congress. "Whenever any one of them pledges himself to enforce the eighteenth amendment and enforce the Volstead act, if elected, and to use all of his power and influence to retain them as a part of the nation's law I will agree to ask our national committee to release me from the ticket."

P. A. Baker, general superintendent of the Anti-Saloon League precipitated a near clash by an address the trend of which was to appeal for all prohibition workers to support the dry candidates on the major tickets and thereby avoid possibility of anti-prohibitionists being elected locally.

At the conclusion of Mr. Baker's speech, Mr. Watkins hurried to the platform and declared his intention to withdraw when the other candidates had given a proper pledge. The prohibition nominee asserted "he was fighting for a cause and not for a party, and when that party stands in the way, I will hurry to my national committee and say let's dissolve this party for all time."

Would Not Dissolve Party

There were numerous members of the prohibition party in the audience and many of them joined in a chorus of "noes" declaring they proposed to stick by their party. Others without obtaining recognition from the chairman criticised Mr. Baker's attitude and the congress for several minutes was in an uproar.

Dr. Harvey W. Wiley, former chief chemist of the department of agriculture in a speech earlier in the session expressed the belief that the prohibition party should not have nominated a national ticket. He believed its work was practically finished when the eighteenth amendment was adopted, he said.

Dr. Wiley also declared the prohibition amendment never would be repealed or softened because the country's business would stand like a rock against it.

MEN'S CLOTHES TO BE CHEAPER

Chicago, Sept. 22.—Recent price reductions of from 20 to 25 per cent announced by textile manufacturers will be reflected in the prices of men's clothing next spring, E. H. Strouse, president of the National Clothing Manufacturers' Association declared tonight at the association's convention.

Mr. Strouse added that "men's clothing prices cannot go down more quickly than the high cost of labor and materials and that people must remember that the cost of textiles is not the only factor entering into clothing prices."

GOVERNOR COX'S CAMPAIGN TRAIN WRECKED IN ARIZONA

Party Severely Shaken
Up But None Seriously Injured

UNABLE TO FILL PRES-
COTT ENGAGEMENT

PHOENIX, Ariz., Sept. 22.—Governor Cox's presidential campaign train was wrecked about 4:30 o'clock today, 14 miles north of here, while en route to Prescott, Ariz.

The Democratic presidential candidate and his party were badly shaken up when an engine and four cars of the special train were ditched, but all escaped serious injury. The most seriously injured was Charles A. Nichols, engineer of Prescott, who had a leg broken in jumping from his cab when his engine toppled over.

Spreading rails were assigned by railroad men as the cause of the wreck which compelled the governor and his party to return here tonight and cancel his evening address at Prescott. His future itinerary also was upset.

The accident occurred a half mile out of Peoria, a village on the Santa Fe railroad, 14 miles north of Phoenix. After delivering several speeches here, the train consisting of six cars and drawn by two heavy engines needed for the upgrade to Prescott left here at 4 o'clock.

About a half hour later while running at a speed estimated at between 35 and 40 miles an hour, the train jarred suddenly as if in collision and then application of the emergency brakes, bumping over broken rails and ties and careening of cars told passengers the story.

Governor's Car Stays on Rails

The four forward cars were ditched, the governor's private car, the Federal, at the rear and the adjoining compartment car of newspapermen, except for its forward truck remaining on the rails.

A baggage coach jumped the track about 15 feet and turned over on its side. Two passenger coaches and another compartment car behind also slowed ten feet or less from the track and partly toppled over.

The first engine of the double header, Engineer F. C. Sutton of Prescott said, left the rails first and then jumped on again, but the second engine toppled over amid a cloud of escaping steam. The tender of the forward engine also fell over while the first passenger coach ran the length of the overturned baggage car and jammed its forward end into the trucks.

All of the passengers on all cars were thrown topsy turvy. Some suffered bruises and cuts. In the rush for escape, several women passengers in the coaches were put thru broken windows.

Governor Cox was in the dining room of his private car going over papers with Dr. Robert C. Goldsmith, his assistant on the league of nations questions when the crash occurred.

Assists in Care of Injured

"What's that?" he shouted, rising to his feet only to be thrown heavily across the car into a steel wall. He was shaken up, but rushed out to assist the injured and soon was nonchalantly viewing the wreckage, smoking his pipe and waiting for a wrecking train to arrive and take him back to Phoenix.

Of the passengers, including several of the local reception committee of Prescott and Phoenix, Judge E. E. Bollinger, of the Mojave county court, suffered a bruised leg. Several others had cuts and bruises and torn clothing.

Personal effects of all members of the train were scattered and broken. That Governor Cox escaped injury was due, it was said, to delay in a conference with the Prescott reception committee. J. J. Snott, representing the Democratic national committee on the campaign trip and Chairman Norris of the Prescott committee were en route to the private car to get the governor to go forward to the first coach where the reception committee was waiting when the crash came.

Most of those bruised or cut were in the forward coach. A rumor was current among the farm people and others who gathered soon after the wreck that a man had been seen running along the road beside the track just before the train left the track, but the rumor was entirely without confirmation and was not credited by Governor Cox, members of his party or railroad operators.

As a result of the wreck the governor and his party will return to Phoenix tonight being unable to fulfill the speaking engagement scheduled at Prescott. It also will be necessary to re-route his itinerary which will be done later.

If you have some few business worries or are bothered about meeting your monthly bills it may help you to remember that 30 per cent of the people of Europe are on bread rations.

Just about the best piece of publicity work the utility companies have presented gives the number of persons in the state who own public utility securities. There are 275,000 of these people and it is no wonder they are interested in the companies' efforts to make larger earnings.

INTEREST IN EDUCATION

Local colleges have opened with a record attendance and everything indicates that this branch of business in Jacksonville this year will be more active than ever before. A local educator recently pointed out the fact that in 1906 there were 6,000 high school graduates in a given area, while in 1920 there were 18,000 in the same area.

During that same period the requirements for teaching positions have made almost equal advances and there has naturally followed the increased interest in college education. The figures prove the increased interest in education. The prosperity of the local institutions is a cause for general congratulation.

LIQUOR AND THE DRUGGISTS

A local man who didn't used to be averse to taking a drink said recently "It is a fact that you can't buy liquor even on prescription from any Jacksonville druggist." It seems that the local druggists got together when prohibition came and agreed that they would not handle liquor at all, even in accordance with the provisions laid down by the government.

The local men took the advance view of the situation, for the American Druggists association in convention in St. Louis went on record as opposing the handling of liquor on prescription under the present system. It is to the credit of the druggists that they don't want their stores turned into saloons.

TWO VIEWS OF HENRY FORD

Henry Ford is a mystery to big business. His methods have blazed the way for many industrial and economic changes. So his announcement of prewar prices on the product of his big factory and the accompanying statement are viewed with varying sentiment. Mr. Ford has a system all his own. By some people he is looked upon as a business giant, a man of wonderful vision, while others account him something of an accident.

The opinions vary now as to the reasons actuating him in making such a material cut in prices. One view is that he likes the notoriety and has made such a vast amount of money that the thought of possible losses does not disturb him. Then there is the other view that Mr. Ford senses the future as few of the big manufacturers have and has shrewdly seen the necessity for lower prices if manufacturing activity is to continue.

NOT A BAD IDEA

The Los Angeles Times suggests this method of controlling speeding cars.

Looks as if the old idea of arresting the auto as well as the man should be brought into life. When there is an accident, why not at once seize the car of the offending driver and hold it responsible for the damage incurred? Of course, in a way this can be accomplished now, but if it were applied by officers of the law at the moment of the accident it would have more value as a warning. When an auto speeds thru the streets at sixty miles an hour why not arrest both car and driver? Fine one of them \$10 and lock the other up for three months. It wouldn't make much difference which. But if an offender knew that his motor was to be impounded for six months and that he would have to pay storage charges before he could get the car back, he would be more careful about trusting the family speed wagon to his careless offspring.

WOMEN HELD THE BALANCE OF POWER.

In the United States, according to latest census statistics, there are 26,893,566 women of voting age. If the ratio of 32 per cent which existed in the Maine election prevails in all the states, and it probably will as the women generally want to vote for the first time, there will be cast in the November election an aggregate of 8,602,741, or nearly nine millions. In the northern states the percentage probably will be higher, and in the southern states lower because in the "solid south" the black man is largely disfranchised, and the negro woman will receive the same political discrimination in that section. But the

nation's average probably will be about 32 per cent, which will give nine millions.

Similar statistics show that there are 29,577,690 men of voting age in the United States. In the presidential election of 1916 there were cast 18,528,743 ballots, 62 per cent of the total male population 21 years of age. It can hardly be expected that so large a percentage of the women will vote, but it may be safely said that at least 32 per cent of them will.

Therefore it is evident to all observers that the women now hold the political balance of power. In the Maine election about 75 per cent of the women voted the Republican ticket. If that percentage should prevail in all the states north of the Mason and Dixon line and in the west a Republican landslide of unprecedented magnitude would occur. That landslide is confidently expected by the Republican managers and indeed in Washington is practically already acknowledged by Democratic observers.

But it will not require 75 per cent of the nine million women voting the Republican ticket to cause a landslide to Harding and Coolidge. If 32 per cent of the women voters in New York participate in the election it will add nearly a million votes in the Empire State. In 1916 Hughes carried New York by more than 100,000, the total vote being 1,706,354. Had the women voted then a 100,000 plurality would have been increased several times over.

Rippling Rhymes By Walt Mason

Careful Driver

I drive my car with jealous care, all laws and statutes mind, and only pause anon to swear when balky valves need grinding. I drive old fashioned lines, as tho a speed cop feared; I hank my horn when danger signs before me are appearing. I put my hand out when I'd turn, so those behind may know 't, I doubtless they remark, "God-damn! But he's the cautious poet!" Twelve miles an hour is what I hit, when I go forth to travel; my wheels don't fill the air with grit, or throw up chunks of gravel. A man so careful, you would say, must dodge all kinds of danger; but one is crippled every day, and I'm that pilgrim stranger. Day after day they bring me home, home to my weeping nieces, with compound fractures in my dome, and organs shot to pieces. The speed fiends so their crazy ways unhurt, and still go faster; the reckless drivers spend their days unscratched or know disaster. But I, who follow all the rules, am marked for daily slaughter; and when my present poultice cools, then I'll put on one that's hotter.

ALEXANDER LAD SHOWS BRAVERY

Ralph Luby With Rare Presence of Mind Stopped Runaway Horse—Saved Baby Sister's Life.

Ralph Luby, the eight year old son of William Luby or Alexander, is a little hero. It is owing to his presence of mind that his baby sister was not injured in a run away yesterday. The two with an older sister drove to a store in Alexander Wednesday morning. While the older sister was in the store the horse became frightened and started to run. Samuel Camm saw what was happening and made an effort to stop the horse. He was thrown to the ground and the buggy passed over him, altho he escaped injury.

After the horse had dashed away for a distance of about 200 yards, Ralph with rare presence of mind crawled out on the shaft reached the horse's rein and stopped it. It was certainly a fine piece of work for a little fellow and incidentally saved both himself and his baby sister from injury.

SPENT NINE MONTHS IN GERMAN PRISON

Dr. T. O. Hardesty has been enjoying a visit from his brother, Dr. John Hardesty, of St. Louis. The visitor, who was in the army service during the war time, has the rank of captain and went overseas early in the conflict. He was one of a group of American physicians lent to the British army.

After active work at the front for a period of nine months he was taken prisoner and was held for another nine months, and saw the inside of at least half a dozen of the German prisons. Dr. Hardesty does not like to talk much about his prison experiences for he says that the thoughts which come crowding tend only to add to a feeling of bitterness against the Germans.

In the first three months of his imprisonment he was on very light rations, which were somewhat improved when the Germans finally permitted the Red Cross supplies to be sent in. As indicated, Dr. Hardesty is somewhat reluctant to talk about his war experiences but from other sources it is learned that when he was released he weighed just 90 lbs., while his normal weight is about 160 mark.

ANOTHER YEAR OPENS AT WOMAN'S COLLEGE

Large Attendance at First Chapel Exercises—Enrollment Largest in History of College.

The chapel at Illinois Woman's college was filled to overflowing at the opening service Wednesday morning. The freshman class starts with an enrollment of 125. The total college enrollment, without the special departments, is 240, the largest the institution has ever had. The impressive service yesterday morning opened with a prelude by Prof. Henry W. Pearson. The prayer was offered by Rev. D. V. Goudy, pastor of Centenary church, and Mrs. Forrest, new instructor in vocal, sang two solo numbers with fine effect.

Dr. Harker, following the custom of years' standing, made a brief address to the students, summing up the ideals of college life. He emphasized the thought that the purpose of the college is to develop Christian womanhood and to prepare women to be of service to the communities in which they live. Education which does not fit for service is not worth while.

The thoughts that the president sought to impress were put together in a way to draw the attention of both the former and new students.

The platform was beautifully decorated with flowers sent by Mrs. T. J. Pitner, and Dr. Harker mentioned his pleasure in presenting Dr. Pitner as president of the board of trustees; Mrs. E. C. Lambert, Mrs. F. H. Rowe and Mrs. Lillian King as members of the board. Other visitors were Mrs. DeMotte, Mrs. R. A. Gates, Rev. E. L. Fletcher, Rev. F. M. Rule, Rev. D. V. Goudy, Rev. T. H. Tull and Rev. Mr. Nelson.

With such a large first day gathering, it is natural that there should be enthusiasm and the students were greatly interested in the reports showing the average of 20 per cent in the increase in attendance.

If you have some few business worries or are bothered about meeting your monthly bills it may help you to remember that 30 per cent of the people of Europe are on bread rations.

Just about the best piece of publicity work the utility companies have presented gives the number of persons in the state who own public utility securities. There are 275,000 of these people and it is no wonder they are interested in the companies' efforts to make larger earnings.

INTEREST IN EDUCATION

Local colleges have opened with a record attendance and everything indicates that this branch of business in Jacksonville this year will be more active than ever before. A local educator recently pointed out the fact that in 1906 there were 6,000 high school graduates in a given area, while in 1920 there were 18,000 in the same area.

During that same period the requirements for teaching positions have made almost equal advances and there has naturally followed the increased interest in college education. The figures prove the increased interest in education. The prosperity of the local insti-

tutions is a cause for general congratulation.

LIQUOR AND THE DRUGGISTS

A local man who didn't used to be averse to taking a drink said recently "It is a fact that you can't buy liquor even on prescription from any Jacksonville druggist." It seems that the local druggists got together when prohibition came and agreed that they would not handle liquor at all, even in accordance with the provisions laid down by the government.

The local men took the advance view of the situation, for the American Druggists association in convention in St. Louis went on record as opposing the handling of liquor on prescription under the present system. It is to the credit of the druggists that they don't want their stores turned into saloons.

TWO VIEWS OF HENRY FORD

Henry Ford is a mystery to big business. His methods have blazed the way for many industrial and economic changes. So his announcement of prewar prices on the product of his big factory and the accompanying statement are viewed with varying sentiment. Mr. Ford has a system all his own. By some people he is looked upon as a business giant, a man of wonderful vision, while others account him something of an accident.

The opinions vary now as to the reasons actuating him in making such a material cut in prices. One view is that he likes the notoriety and has made such a vast amount of money that the thought of possible losses does not disturb him. Then there is the other view that Mr. Ford senses the future as few of the big manufacturers have and has shrewdly seen the necessity for lower prices if manufacturing activity is to continue.

NOT A BAD IDEA

The Los Angeles Times suggests this method of controlling speeding cars.

Looks as if the old idea of arresting the auto as well as the man should be brought into life. When there is an accident, why not at once seize the car of the offending driver and hold it responsible for the damage incurred? Of course, in a way this can be accomplished now, but if it were applied by officers of the law at the moment of the accident it would have more value as a warning. When an auto speeds thru the streets at sixty miles an hour why not arrest both car and driver? Fine one of them \$10 and lock the other up for three months. It wouldn't make much difference which. But if an offender knew that his motor was to be impounded for six months and that he would have to pay storage charges on the same he would think twice before bowling over the cripple on the corner or running into a flood of pedestrians awaiting a street car.

The most effective way to reach the speed fiends is to suspend their license and take their cars away from them. It is possible that this can be achieved thru city ordinance and police regulation. It might well be made possible thru state law. But locking up the car as well as the man would furnish a helpful combination. Then father might be more careful about trusting the family speed wagon to his careless offspring.

WOMEN HELD THE BALANCE OF POWER.

In the United States, according to latest census statistics, there are 26,893,566 women of voting age. If the ratio of 32 per cent which existed in the Maine election prevails in all the states, and it probably will as the women generally want to vote for the first time, there will be cast in the November election an aggregate of 8,602,741, or nearly nine millions. In the northern states the percentage probably will be higher, and in the southern states lower because in the "solid south" the black man is largely disfranchised, and the negro woman will receive the same political discrimination in that section. But the

nation's average probably will be about 32 per cent, which will give nine millions.

Similar statistics show that there are 29,577,659 men of voting age in the United States. In the presidential election of 1916 there were cast 18,528,743 ballots, 62 per cent of the total male population 21 years of age. It can hardly be expected that so large a percentage of the women will vote, but it may be safely said that at least 32 per cent of them will.

Therefore it is evident to all observers that the women now hold the political balance of power. In the Maine election about 75 per cent of the women voted the Republican ticket. If that percentage should prevail in all the states north of the Mason and Dixon line and in the west a Republican landslide of unprecedented magnitude would occur. That landslide is confidently expected by the Republican managers and indeed in Washington is practically already acknowledged by Democratic observers.

But it will not require 75 per cent of the nine million women voting the Republican ticket to cause a landslide to Harding and Coolidge. If 32 per cent of the women voters in New York participate in the election it will add nearly a million votes to the Empire State. In 1916 Hughes carried New York by more than 100,000, the total vote being 1,706,354. Had the women voted there a 100,000 plurality would have been increased several times over.

Rippling Rhymes
By Wait Mason

Careful Driver

I drive my car with jealous care, all laws and statutes minding, and only pause anon to swear when balky valves need grinding. I drive old fashioned lines, as tho a speed cop fearing; I hank my horn when danger signs before me are appearing. I don't hand out when I'm turning, so those behind may know it; doubtless they remark, "Gold-dorn! But he's the cautious poet!" Twelve miles an hour is what I hit, when I go forth to travel; my wheels don't fill the air with grit, or throw up chunks of gravel. A man so careful, you would say, must dodge all kinds of danger; but one is crippled every day, and I'm that piteous stranger. Day after day they bring me home, home to my weeping nieces, with compound fractures in my dome, and organs shot to pieces. The speed fiends go their crazy ways unhurt, and still go faster; the reckless drivers spend their days unscratched nor know disaster. But I, who follow all the rules, am marked for daily slaughter; and when my present position cools, then I'll put on one that's hotter.

Her children and grandchildren desired to remember the occasion in a suitable manner so they all prepared a good dinner, which filled several baskets, and went to call on Grandma Anderson. It was a very pleasant surprise to the good lady and the Journal scribe joins with her many friends in wishing her many more pleasant birthdays. Those present were Mr. and Mrs. Alfred Anderson and two sons, James and Carleton. Mr. and Mrs. C. E. Drake and son, Charles Edward. Mr. and Mrs. John Drake and two little daughters. Mr. and Mrs. C. E. White, also Miss Grant who teaches the Bethel school. In this gathering were Mrs. Anderson's two children, three grandchildren and two great grandchildren.

Leland V. Henderson, a driver for the Gravel Spings company at Jacksonville came home with Wilbur Alderson on Saturday night to spend Sunday. He also called to see his new relation on the Henderson farm.

Mrs. J. G. Wester and daughters Willie and Alice were Sunday visitors at the home of her son, Hubert Wester.

Mr. and Mrs. J. M. Fox and family and Mr. and Mrs. J. Z. Fox and daughter, Isabel, all motored to Petersburg on Sunday to visit Mr. and Mrs. Harris Robinson.

J. Onken Bro. and son, Harry of Chapin were here on business on Monday.

Mrs. Carpenter and daughter, Hazel, returned to their home in Mt. Sterling after visiting relatives near Pleasant View school.

C. E. White is making preparation to build a new barn on the Edelbrock farm which he is to occupy soon.

WILLIAM TRIPLETT DIED SUDDENLY

Well Known Colored Resident Passes Away Wednesday Morning—Death Caused by Stroke of Paralysis.

William Triplett, a well known colored resident of the city, died suddenly at his home, 432 South West street, at 8:20 o'clock Wednesday morning.

Death resulted from a stroke of paralysis which came about 4 o'clock Wednesday morning.

Some years ago Mr. Triplett suffered a stroke of paralysis but recovered, though he had not since been in his usual health.

Deceased had been a resident of Jacksonville for a number of years. He was proprietor of the New Pacific hotel barber shop and was regarded highly thruout the city.

He is survived by his widow, parents and a number of brothers and sisters. The time of the funeral and a more extended obituary will be given later.

WAVERLY DEFEATS PALMYRA 24 TO 21

Redfern Gets Place Kick in Last Few Minutes of Play with Score a Tie—Both Teams Suffer from Heat.

Waverly, Sept. 22.—With but a few minutes to play and the score a tie at 21 all, Redfern of Waverly placed his name in the high school hall of fame by place kicking a goal giving Waverly victory in the first game of the season.

With the thermometer hovering around 90 in the shade the players of both teams suffered and the game lacked the usual "pep" because of the heat. The only thing to mar the afternoon was an injury sustained by Knight star full back of the Waverly team. He sustained a fractured collar bone in bucking the line and will be out of the game several weeks.

After his injury Coach Chenoweth made many switches and tried out a lot of second string men. He has a promising squad this year, tho so far it has been handicapped by the absence of Gorman, last year's quarter back who is not eligible. It is hoped he will make up his work and get in the game soon.

The touchdowns for Waverly were made by Crum, Knight and Jarrett. Sagel of Alton Y. M. C. A. was referee while Dr. Walter Allyn acted as head linesman.

The Waverly lineup follows: Hughes, le; Harris, lt; Hood, lg; Gilbert, c; Taylor, rg; Kern, rt; Crum, re; Redfern, qb; Jarrett, rh; Loving, lb; Knight, fb.

HELEN BROWN READ WILL BOOK CONCERTS

Well Known Musician Plans to Give Music Lovers Some Fine Concerts—First Will Be Jules Falk, Violinist, Oct. 8.

Mrs. Helen Brown Read, one of Jacksonville's best known and popular musicians is planning to give Jacksonville some high class concerts during the coming months. The first attraction announced is Jules Falk, violinist.

Mr. Falk is a pupil of Ysaye, the world famous Belgian violinist. He is one of the best known of the younger violinists and has appeared with success in all parts of the world. In England he had the honor of playing before King Edward.

Mrs. Read also has in charge the sale of tickets for the two engagements of the Chicago Grand Opera company which are scheduled for Springfield, October 30 and 31. The company will appear at the arsenal and it is proposed to expend \$3,000 to prepare the stage for the performances.

It is the desire and hope of Mrs. Read to secure enough pledges for tickets to run a special train to Springfield for the performances so that Jacksonville people can return the same evening.

For the Springfield engagements, Cavallera Rusticana, La Traviata and Pagliacci have been announced. Perhaps the best known of these to the layman is Cavallera Rusticana. Some of the best known operatic stars in the world will appear in these operas.

Speaking of the appearance of Jules Falk on October 8, Mrs. Read said it had long been her desire to give Jacksonville's music lovers some of the best known artists. With this in view she booked Falk and has one or two others in view.

Mrs. Read says she does not believe Jacksonville is dead musically, but just sleeping. It is her hope to arouse its residents from their lethargy.

While Mrs. Read has been booked extensively for concert work thru the east and south the coming winter and spring, she will have time to return home and look after her concerts. She is doing her own booking for the coming season.

Among other things contemplated for Jacksonville is one of the leading symphony orchestras some time in the spring. Mrs. Read stated that neither of the schools had anything to do with the concerts she is bringing. However she has their unqualified support in her efforts.

It will be Mrs. Read's purpose to use local musicians for her concerts. For the Falk concert Miss Edith Robinson will serve as accompanist.

It would seem that the plan Mrs. Read has mapped out should prove successful. Jacksonville has long been known as a musical center. It should give unqualified support to such artists as Mrs. Read contemplates bringing.

AFTER NIGHT OF TERROR RESIDENTS RETURN TO HOMES

Citizens of Balbriggan View the Remains of Their Homes

LARGE FACTORY IS BURNED

BALBRIGGAN, Ireland, Sept. 22.—(By the Associated Press)—Nearly one thousand persons, about half the population of the town, returned to their homes this morning after having spent a second night of terror in the outlying hayfields.

The correspondent, who arrived at an early hour this morning from Dublin, witnessed the last of the population coming home, women with crying infants in their arms, men carrying blankets and baskets of food and children endeavoring to rub the sleep from their eyes. Only a handful of the residents of Balbriggan had been courageous enough to pass the night in their homes.

Groups of townspeople stood in the streets this morning gazing at the smoking ruins of houses wrecked by bombs or burned after having been soaked with petroleum Monday night.

During his visit the correspondent saw motor tenders each containing a half dozen "black and tans," recruits from army men to reinforce the Royal Irish constabulary, wearing non-descript uniforms, half khaki and half police blue, whizz thru the main thoroughfare, the men with rifles in hand. The local police consisted of

twenty Royal Irish constabulary veterans.

Prevent Burning of Factory

They are said to have prevented the "black and tan" from burning the principal factory in the town and also to have saved other property. The body of Royal Irish Constabulary Inspector Burke, who was killed during the early fighting, was removed today from the police station, but the bodies of Gibbons and Larless still lay in a nearby outhouse today awaiting an inquest.

The manager of a British-owned hosiery factory, the inside of which was ruined, was preparing today to return to England. He said it would be impossible to rebuild the plant. The manager suggested that the burning of this factory marked a new phase in the alleged attempts to suppress the Sinn Fein.

He said that although many creameries which had been community property had been destroyed in Ireland, he believed the burning of the hosiery factory to be the first instance of a deliberate attack on an industrial works. In this factory about 400 employees, including many women, have been thrown out of work. If the other factory had been destroyed virtually the entire working population would have been rendered idle. The skilled mechanics and other employees of the ruined factory say they will be unable to find jobs elsewhere in their particular line of work in Ireland.

DISTILLERY IS DESTROYED BY FIRE

Lawrenceburg, Ky., Sept. 22.—Fire of undetermined origin at the plant of the Cedar Brook distilling company here today destroyed four warehouses containing 7,000 barrels of whiskey. The liquor it was stated, approximately 325,000 gallons and was valued at \$400 a barrel.

The first meeting of the year of the United Commercial Travelers Woman's club was held with Mrs. C. H. Kinnaman, 721 West College avenue, Wednesday afternoon. The new officers of the club are:

President — Mrs. James G. Strawn.
Vice President — Mrs. George Brady.
Secretary — Mrs. Charles K. Moore.
Treasurer — Mrs. D. L. McCarthy.

These officers were in charge of the meeting. After the business session Miss Josephine Conboy sang most acceptably, "Memory Divine," by Fish, with Miss Mary Conboy as accompanist. In the guessing contest first prize was won by Mrs. Brady and the consolation prize by Mrs. J. B. Carr.

Following the program and business session the hostess served dainty refreshments. Mrs. Harry Benson and Mrs. Eva Strawn were guests of the club. The next meeting will be held with D. L. McCarthy, 935 North Main street, October 20.

History Class Met With Mrs. Vosseler.

Mrs. James O. Vosseler entertained the History class at her home on West College avenue on Wednesday. Most of the class consisting of 16 members, were present.

This was the first meeting of the year and the leader for the afternoon was Mrs. H. H. Bancroft. In her address she covered a wide variety of subjects. Some of the subjects discussed were, "The League of Nations," "The Death of Empress Eugenia," "Cox on the Republican Campaign," "Resignation of the French President," "The Hawaiian Problem" and "The Maine Election."

After the program refreshments were served and a social hour was enjoyed.

Concord Gleaners Gave Social

The Gleaners of Concord M. E. church gave a social in the church parlors last Friday evening, Sept. 17, which was greatly enjoyed with games, music, etc. At a late hour refreshments were served, consisting of ham sandwiches, pickles, salads, candy and punch. Those present were:

Grace Rexroat, Ula Yeck, Nina Yeck, Alm Yeck, Helen Yeck, Francis Dorothy and Florence Blumberg, Mable Standley, Marie Schall, Edith McDermitt, Ruth Titus, Mrs. Crouse, Alma Vorhees, Anna Dinwiddie, Golden Crabtree, Harold Henderson, Edmund Dinwiddie, Art Kershaw, Howard Yeck, Elmer Yeck, Jack Yeck, Roy Crouse, Gus Gray, Robert Scholl, Walter Standley, Elmer Crabtree, Eugene Yeck, and Warren Brockhouse.

Woodson Household Science Club Entertained

Mrs. Maggie Kitcher entertained members of the Woodson Household Science club Wednesday afternoon. Members in large numbers were present and the afternoon was a most profitable one for all. The members responded to the roll call by giving "Hints on Etiquette" and the subject of Miss Eva Mortimer's excellent paper was "Etiquette in the Home." The program also included an ably prepared paper on "The Front Porch" by Mrs. Ina Room in Summer" by Mrs. Ina Colton. An interesting discussion followed this paper, in which many of those present participated.

Music on the Victrola furnished an enjoyable feature and during the social hour the hostess served delicious refreshments.

RICHARD YATES HAD REMARKABLE VOTE

Candidate for Congressman-at-Large Proud of Showing Made in Cook County and Down State

Altho official returns have not been published, it is understood that Hon. Richard Yates was re-nominated for congressman at large by a handsome majority. In a recent letter to F. H. Rowe referring to the election, Mr. Yates speaks with pleasure of winning handsome majorities over John J. Brown in counties where the Oglesby machine used special efforts to defeat him.

In this letter Mr. Yates says: In other words in fifteen counties I exceeded Brown by a total of 23,512. As he was behind me 32,000 in Cook county, I think he cannot surpass me now.

"Inasmuch as the Cook county committee printed more than one million, one hundred thousand, sample ballots with the printed cross naming Mason, and inasmuch as the Lowden machine purchased me by running its printing presses as fast as it could between the date of my letter for Leu Small and the date of the primaries, flooding the state with a million other ballots marked for John Brown—inasmuch as there were two millions of ballots floating around the state against me, I am proud beyond words that 255,550 men and women, untainted, stood up for me. I think I have a right to be proud."

"In Sangamon county the state house machine issued sample ballots bearing a printed cross in front of the name Brown only and the Springfield Journal spread upon its first page a sample ballot marked the same way. By this means the vote of Brown was forced up to 6,188, but my home people gave me the magnificent vote of 6,235. This was without

Gives Farewell Party

Mrs. Frank Aguar of 971 North Prairie street entertained a number of friends at a farewell party in honor of her sister Miss Nell Ornellas, who is to leave on an automobile trip to Springfield, Mo., in company with Mr. and Mrs. Jerry Funk.

The evening was spent in music and dancing and all the guests enjoyed a pleasant evening.

Clark's Chapel Ladies' Aid Met

Mrs. James L. McDonald entertained members of the Clark's Chapel Ladies' Aid society Wednesday afternoon at her home, 409 North Church street. There was a large attendance of members and a number of visitors were also present.

After the regular routine business the following program was carried out:

Piano solo—Mrs. Durrell Crum.
Poem—"Autumn" by Mrs. J. W. Ledford—Mrs. Charles McDonald.
Reading—"The True Use of Wealth"—(Ruskin)—Mrs. Edgar Cully.

A brief social time followed the program and before adjournment the hostess served excellent refreshments.

Entertained Alexander Woman's Club.

The Alexander Woman's club was entertained Wednesday afternoon at the home of Miss Elizabeth Snyder with a very large attendance. Several musical numbers were given by Mrs. Harold Strawn and Mrs. Lester Gray, and were greatly appreciated. The members of the club had the pleasure of listening to a splendid address by ex. J. F. Langton on Oriental Rugs, and were especially interested in seeing a fine collection of rugs that he had with him.

Altogether it was one of the most profitable sessions that the club has ever had. It was decided to hold the annual open meeting October 27, with Mrs. O. M. Ryan south of Alexander.

Surprise Party at Dinwiddie Home.

Saturday evening Sept. 18 was the fourteenth birthday of Miss Eleanor Dinwiddie, and about 35 of her friends gave her a very pleasant surprise. Various games and music constituted most of the evening entertainment.

Much merriment was caused by the cutting of the birthday cake in which Ralph Ogle received the thimble. Iren Rulidill the button, Everette Mason the needle and Paul Rexroat the ring. About 10:30 they all journeyed to the timber where they roasted wieners over a heaping bonfire, after which they departed wishing Miss Eleanor many more happy birthdays.

Strawn's Crossing Woman's Club Meets

The Strawn's Crossing Woman's club met Tuesday afternoon at the home of Mrs. Harry Martin, with a large attendance of members. The president, Mrs. Cleary presided. At the business session the following officers were selected for the next three months:

President—Mrs. Andrew Harris
Vice president—Mrs. William Cleary.
Secretary—Mrs. E. A. Deaton.
Assistant secretary—Mrs. Edward Armstrong.
Corresponding secretary—Miss Anna McDonald.

Treasurer—Mrs. A. D. Arnold. An interesting paper on "Self Improvement" was presented by Mrs. Edward Armstrong and this was followed by a discussion. During the social hour the hostess served delicious refreshments.

The next meeting will be on October 5 with Mrs. E. A. Deaton.

money and without price, my expenses in Sangamon county totaling but ten dollars—paid to one little newspaper. Mr. 6,235 gave me 4,250 over and above Day.

I won over Brown in the following counties by the following figures indicated:
Morgan, 1300; Peoria, 3100; Kane, 4100; St. Clair, 1500; Franklin, 1000; Williamson, 900; Will, 1005; McLean, 700; Vermilion, 2400; Livingston, 1800; Boone, 1100; Whiteside, 1407; Montgomery, 200; Clinton, 900; Winnebago, 2100.

AFTER NIGHT OF TERROR RESIDENTS RETURN TO HOMES

Citizens of Balbriggan View the Remains of Their Homes

LARGE FACTORY IS BURNED

BALBRIGGAN, Ireland, Sept. 22.—(By the Associated Press).—Nearly one thousand persons, about half the population of this partly devastated town, crept back to their homes this morning after having spent a second night of terror in the outlying hay-fields.

The correspondent, who arrived at an early hour this morning from Dublin, witnessed the last of the population coming home, women with crying infants in their arms, men carrying blankets and baskets of food and children endeavoring to rub the sleep from their eyes. Only a handful of the residents of Balbriggan had been courageous enough to pass the night in their houses.

STRAWN'S CROSSING WOMAN'S CLUB PROGRAM

Year's Work of Organization Outlined—Debate Scheduled for Meeting of October 5, 1920.

The Strawn's Crossing Woman's club program for the coming year has just been made public and indicates that sessions of special interests are in prospect for the members during the next twelve months. This is one of the most active women's organizations in the county and at each fortnightly meeting subjects of present day interest are considered.

The following is the 1920-21 program:

CURED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no loss time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, carpenter, 5179 Marcellus avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured. You may save a life or at least stop the misery of rupture and the worry and danger of an operation.—Adv.

STATE CONFERENCE HERE IN OCTOBER

People Prominent in Charities and Corrections Work Plan Three Days' Program—Preliminary Meeting Yesterday.

From all indications between 400 and 500 delegates will attend the State Conference of Charities and Corrections to be held in Jacksonville October 29, 30 and 31. A conference was held at 2 o'clock Wednesday afternoon at the office of Judge Samuell, at which various matters relative to the conference were discussed. Judge Perry L. Persons, of Waukegan, who is president of the organization; A. L. Bowen, state superintendent of charities; Miss Annie Hinrichsen, executive secretary of the department of public welfare, and secretary of the association, were among these present.

H. A. Perrin is the chairman of the local committee on arrangements and he, with chairmen of various sub-committees, met with the visitors.

The full details of the program have not yet been made public but it is known that a number of interesting subjects will be discussed. Gov. Frank O. Lowden has accepted an invitation to be present and will be one of the speakers. In addition to the state conference of charities, the state probate court judges association and the association of county home superintendents will be in convention. Headquarters will be maintained at the Dunlap hotel and as indicated, the attendance is to be in excess of 400. Delegates will be present from all parts of the state.

The importance of the conference has increased from year to year, as both new problems and new methods have come to attention in the handling of private charities and public charitable institutions.

The following local committee chairmen have been named:

General Chairman—H. A. Perrin.

Reception—Mrs. Charles Fawcett.

Musical Program—Miss Lena Hopper.

Meeting Places—Rev. A. A. Todd.

Sunday Services—Rev. W. H. Marbach.

Publicity—J. W. Walton.

MATRIMONIAL

Myer-Wood.

Joseph Myer and Miss Hazel Wood were married at Central Christian church parsonage, yesterday at 2 o'clock. Rev. M. L. Pontius officiating. Mr. and Mrs. F. A. Whitlock of Murrayville was in attendance at the wedding. The groom is an employee of Zell's grocery store and the bride is well known around her home in Murrayville. The young couple will reside in Jacksonville.

Dewees-Foster.

The marriage of John Dewees and Miss Florence Foster took place at the Christian church at 7:30 Wednesday evening. Rev. M. L. Pontius officiated. The young couple were accompanied by Miss Nellie Foster, sister of the bride, and George Dewees, a brother of the groom.

Mr. Dewees is a son of Norman Dewees and is well known in Jacksonville. He is employed at the Swift Produce company. Miss Foster is also a resident of Jacksonville and is popular in this city. They will make their home in Jacksonville.

SILENT TRIBUTE PAID MRS. MYERS

Friends of Prominent Musician Unable to Sing at Funeral.

The tribute paid to Mrs. Jeanette Myers yesterday was a silent one. Grief stricken associates to one of the city's foremost musicians were unable to offer any musical selections at her funeral which was held at the family residence yesterday afternoon.

When the time came to pay final tribute to her, her friends felt unable to sing or play. But they paid her silent homage.

Friends from far and near were listed among those who filled the rooms of the 811 South Seventh street home and overflowed onto the lawn and yard. And when the funeral cortege started on its journey to Oak Ridge cemetery, at least one hundred cars filled with grieving friends followed the hearse.

Mrs. Myers, wife of Albert Myers, of the Myers Brothers clothing company, died early Monday morning following an operation. She had been ill only a short time. Since coming to Springfield she has been an active participant in all civic and musical enterprises.

Rabbi Solomon Landman of R'ith Shalom temple officiated at the services.

DEATH OF WINCHESTER LAD IS RECORDED

Lawrence Waggoner Passed Away Tuesday Night After Brief Illness—Woman's Club Department Meets—Local News from Winchester.

Winchester, Sept. 22.—The community was shocked Wednesday morning to learn of the death of Lawrence Waggoner, who passed away at his home at 10:15 o'clock Tuesday night. The deceased was taken ill Saturday but was able to attend school Monday and at orchestra practice Monday night. It has not yet been determined whether death was the result of a recent injury or of spinal meningitis.

The deceased was about seventeen years of age and a member of the sophomore class of the high school and also of the high school band. He was a boy greatly admired by all and the fact of his death threw a feeling of gloom over the entire school. He was a member of the Christian church and at the time of his death was serving as librarian at the Sunday school. He was always ready to do his part in every instance when called upon, and by his pleasing disposition had endeared himself to scores of friends.

The deceased is survived by his mother, two sisters, Miss Ida, at home and Mrs. Frances Renner, living near Glasgow; three brothers, Orion of St. Louis, Roy and Shirley at home.

The funeral will be held at the Christian church Thursday and the hour will probably be 2:30 o'clock.

News Notes.

Mrs. Hardin McLaughlin, accompanied by Mr. and Mrs. Warren Kelly and Dr. O'Reilly, left Wednesday morning for St. Louis where Mrs. McLaughlin is to undergo an operation. Her many friends hope for her speedy recovery.

Mrs. Anna Milhofer of St. Louis is a guest at the home of Mr. and Mrs. Thomas Kirkman.

The literary and civics department of the Woman's club held an open meeting at the library Monday evening. The subject for discussion was the promotion of sociability in the schools and in the parent-teacher organization, and a committee was appointed to organize such an association in Winchester.

A large number were present and talks were made by several of the high school teachers, Miss Lois Coultas, Miss Miller, Mr. Dunbar, Mr. Warren, C. W. Smith and William Wainwright. Altogether it was a very interesting session.

The open meeting of the household science department was held at the home of the chairman, Mrs. David Hainsfarther, Wednesday afternoon. It was a social meeting and was part of a membership drive, several new members being taken in. The hostess served refreshments at the close of the business session.

Mrs. Lulu Hamilton returned Wednesday to her home in Peoria after a visit here with relatives.

Mrs. Elmer Hale returned Wednesday to her home in Jacksonville after a visit with relatives. Mr. and Mrs. Louis Tissier of St. Louis are guests at the home of Mrs. Lambert Metzger. Mrs. Tissier met with a very painful accident Tuesday evening, when she sprained her ankle. She will be confined to the house for some time to come.

JACKSONVILLE TO PLAY BEARDSTOWN

Local Football Warriors Will Hook Up With Cass County Team Saturday—Game Will Be Played on Illinois Field.

Coach Mitchell is working hard to whip the Jacksonville High school football team into shape for the opening game of the season which will be played with Beardstown Saturday.

With only two days before the game and with weather that has been most unseasonable for football work the coach has rounded his squad into fairly good shape for the opening contest. The men have had only two weeks work and will not be able to get top speed thruout the game.

However, their opponents have been having the same kind of weather and will not be in any better shape. Not much is known of the Beardstown team. Last year they were defeated by a top heavy score by Jacksonville.

The Jacksonville team last year had a great many veterans in the line-up while Beardstown was for the most part green. Beardstown will come this year determined to get revenge for last year's defeat. Coach Mitchell's squad will work just as hard to roll up another victory.

Coach Mitchell is well pleased with the looks of his squad so far. He has had nearly three full teams out for practice and some of the material looks mighty good.

The game will start at 2:30 o'clock. John Larson will referee. The following line-up has been given out by Coach Mitchell to start the game:

Lewis le, Gard H. G. Cockin lg, Hackett c, E. Arnold rg, Bray rt, Reynolds re, Alexander qb, Hunt lh, Arter or Struck rh, H. Cockin fb.

REPORT CLOVER CROP RETURNS LIGHT

While the prospects have been for a very heavy crop of clover seed, there are some indications that the yield will not be up to expectations. There are a great many fields where the clover cut

for seed is sprouting and the seed when hulled will not be of first class quality. The reports from one locality where clover hulling has been done show a yield of only one bushel to the acre.

The price of clover seed is now very much lower than for several years. Buyers have been offering farmers \$12 a bushel for clover while the retail price last spring as high as \$40.

CURED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, altho I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, carpenter, 5179 Marcellus avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.—Adv.

C. AND A. OFFICIALS COMING FRIDAY

A telegram from Mayor Crabtree from S. G. Lutz of the Chicago & Alton, said that a number of officials will arrive Friday morning and others in the early afternoon. They will be guests of the Rotary club at a dinner to be given at 6 o'clock.

It is expected that citizens generally will unite with Rotary club members in extending a cordial welcome to the visiting officials. Several of the visitors will spend a part of the day on the golf links and an informal program which will fill the day is being arranged.

STATE CONFERENCE HERE IN OCTOBER

People Prominent in Charities and Corrections Work Plan Three Days' Program—Preliminary Meeting Yesterday.

From all indications between 400 and 500 delegates will attend the State Conference of Charities and Corrections to be held in Jacksonville October 29, 30 and 31. A conference was held at 2 o'clock Wednesday afternoon at the office of Judge Samuel, at which various matters relative to the conference were discussed. Judge Perry L. Persons, of Vaukegan, who is president of the organization; A. L. Bowen, state superintendent of charities; Miss Annie Hinrichsen, executive secretary department of public welfare, and secretary of the association, were among these present.

H. A. Perrin is the chairman of the local committee on arrangements and he, with chairman of various sub-committees, met with the visitors.

The full details of the program have not yet been made public but it is known that the subjects to be discussed are of more than ordinary interest. Gov. Frank O. Lowden has accepted an invitation to be present and will be one of the speakers. In addition to the state conference of charities, the state probate court judges association and the association of county home superintendents will be in convention. Headquarters will be maintained at the Dunlap hotel and as indicated, the attendance is to be in excess of 400. Delegates will be present from all parts of the state.

The importance of the conference has increased from year to year, as both new problems and new methods have come to attention in the handling of private charities and public charitable institutions.

The following local committee chairmen have been named:

General Chairman—H. A. Perrin. Reception—Mrs. Charles Fawcett.

Musical Program—Miss Lena Hopper.

Meeting Places—Rev. A. A. Todd.

Sunday Services—Rev. W. H. Marbach.

Publicity—J. W. Walton.

SILENT TRIBUTE PAID MRS. MYERS

Friends of Prominent Musician Unable to Sing at Funeral.

The tribute paid to Mrs. Jeanette Myers yesterday was a silent one. Grief stricken associates to one of the city's foremost musicians were unable to offer any musical selections at her funeral which was held at the family residence yesterday afternoon.

When the time came to pay final tribute to her, her friends felt unable to sing or play. But they paid her silent homage.

Friends from far and near were listed among those who filled the rooms of the 811 South Seventh street home and overflowed onto the lawn and yard. And when the funeral cortege started on its journey to Oak Ridge cemetery, at least one hundred cars filled with grieving friends followed the hearse.

Mrs. Myers, wife of Albert Myers, of the Myers Brothers clothing company, died early Monday morning following an operation. She had been ill only a short time. Since coming to Springfield she has been an active participant in all civic and musical enterprises.

Rabbi Solomon Landman of R'ith Shalom temple officiated at the services.

DEATH OF WINCHESTER LAD IS RECORDED

Lawrence Waggoner Passed Away Tuesday Night After Brief Illness—Woman's Club Department Meets—Other News from Winchester.

Winchester, Sept. 22. — The community was shocked Wednesday morning to learn of the death of Lawrence Waggoner, who passed away at his home at 10:15 o'clock Tuesday night. The deceased was taken ill Saturday but was able to attend school Monday and at orchestra practice Monday night. It has not yet been determined whether death was the result of a recent injury or of spinal meningitis.

The deceased was about seventeen years of age and a member of the sophomore class of the high school and also of the high school band. He was a boy greatly admired by all and the fact of his death threw a feeling of gloom over the entire school. He was a member of the Christian church and at the time of his death was serving as librarian at the Sunday school. He was always ready to do his part in every instance when called upon, and by his pleasing disposition had endeared himself to scores of friends.

The deceased is survived by his mother, two sisters, Miss Ida, at home and Mrs. Frances Renner, living near Glasgow; three brothers, Orion of St. Louis, Roy and Shirley at home.

The funeral will be held at the Christian church, Thursday, and the hour will probably be 2:30 o'clock.

News Notes

Mrs. Hardin McLaughlin, accompanied by Mr. and Mrs. Warren Kelly and Dr. O'Reilly, left Wednesday morning for St. Louis where Mrs. McLaughlin is to undergo an operation. Her many friends hope for her speedy recovery.

Mrs. Anna Milhofer of St. Louis is a guest at the home of Mr. and Mrs. Thomas Kirkman.

The literary and civics department of the Woman's club held an open meeting at the library Monday evening. The subject for discussion was the promotion of sociability in the schools and in the parent-teacher organization, and a committee was appointed to organize such an association in Winchester.

A large number were present and talks were made by several of the high school teachers, Miss Lois Coultas, Miss Miller, Mr. Dunbar, Mr. Warren, C. W. Smith and William Wainwright. Altogether it was a very interesting session.

The open meeting of the household science department was held at the home of the chairman, Mrs. David Hainsturther, Wednesday afternoon. It was a social meeting and was part of a membership drive, several new members being taken in. The hostess served refreshments at the close of the business session.

Mrs. Lulu Hamilton returned Wednesday to her home in Peoria after a visit here with relatives.

Mrs. Elmer Hale returned Wednesday to her home in Jacksonville after a visit with relatives.

Mr. and Mrs. Louis Tissier of St. Louis are guests at the home of Mrs. Lambert Metzger. Mrs. Tissier met with a very painful accident Tuesday evening, when she sprained her ankle. She will be confined to the house for some time to come.

JACKSONVILLE TO PLAY BEARDSTOWN

Local Football Warriors Will Hook Up With Cass County Team Saturday—Game Will be Played on Illinois Field.

Coach Mitchell is working hard to whip the Jacksonville High school football team into shape for the opening game of the season which will be played with Beardstown Saturday.

With only two days before the game and with weather that has been most unseasonable for football work the coach has rounded his squad into fairly good shape for the opening contest. The men have had only two weeks' work and will not be able to go at top speed through the game.

However, their opponents have been having the same kind of weather and will not be in any better shape. Not much is known of the Beardstown team. Last year they were defeated by a top heavy score by Jacksonville.

The Jacksonville team last year had a great many veterans in the line-up while Beardstown was for the most part green. Beardstown will come this year determined to get revenge for last year's defeat. Coach Mitchell's squad will work just as hard to roll up another victory.

Coach Mitchell is well pleased with the looks of his squad so far. He has had nearly three full teams out for practice and some of the material looks mighty good.

The game will start at 2:30 o'clock. John Larson will referee. The following line-up has been given out by Coach Mitchell to start the game:

Lewis le, Gard It, G. Cockin lg, Hackett c, E. Arnold rg, Bray rt, Reynolds re, Alexander qb, Hunt lb, Arter or Struck rh, H. Cockin fb.

Farm Bureau Notes

I. A. A. Representative Here Tuesday.

Z. M. Holmes of Peoria county, vice president of the I. A. A. spent Tuesday at the farm bureau office going over the joint membership agreement of the farm bureau and the I. A. A. At present we have 1040 members in both organizations.

In addition the farm bureau has 73 members who are members of the county organization only. This makes the grand total of membership for the farm bureau 1113.

In general the records at the farm bureau office corresponded exactly with the monthly reports made to the Treasurer of the I. A. A.

New Accounting System.

When the farm bureau was first organized under the name of the Morgan County Farmers club a simple system of single entry bookkeeping was sufficient for all purposes, but with the growth of the organization and the joint membership with the I. A. A. and the branching out into various business enterprises has come a demand for a more accurate system of accounting. A representative of the state leader's office and the representative of the I. A. A. have devised a double entry system adapted to our work. Representatives of the state leader's office are installing these in the various county farm bureau offices. The new system will be installed in the farm bureau office October 1st by a special representative.

Pig Club Sale.

We have not yet set the date on which to terminate our pig club project with a show and sale. We hope to find a date very early in October that will be acceptable to both farm bureau members and members of the pig club. A visit to the homes of the pig club members reveals the fact that the pigs have been well taken care of and will undoubtedly make a fine showing at the round up sale. W. J. Carmichael, Sec. of the National Swine Growers' association, has been suggested as a judge for this sale. Mr. Carmichael is certainly a competent man for the work.

Cowpeas as a Catch Crop.

When the chinch bugs cleaned out several acres of corn for Ruly York of the Chapin road he secured several bushels of cowpeas and drilled them into the part of the field that was thinned out by the bugs. At the present time these cowpeas are one of the most showy crops to be found in the county. If any of our readers have never seen a good crop of cowpeas it is well worth while to glance over the field. The crop will be cut and cured for hay or hogged down along with the corn.

Potato News.

As the county agent has just returned from a vacation in the potato region and is in constant correspondence with growers, he is asked frequently concerning the probable price of potatoes in this county. At present there is an indication that potatoes will sell this fall far cheaper than they did last fall. The growers in the Red River Valley have agreed to hold their seed stock for \$1.25 per bushel, but eating potatoes can be procured in regions closer to us at a lower figure than that stated, however, freighting rates are higher this year than last and the overhead expense of handling them in most localities is equal to or greater than last year. As near as we can find out, potatoes in Illinois are practically a failure and farm bureaus in the corn belt region are preparing to furnish their membership with northern grown eating potatoes.

Fool Killer Needed.

Over in Adams county we heard of a farm bureau member that persisted in sowing his wheat early in September in spite of all the warnings from the state entomologist and farm bureau members. We are congratulating ourselves that we were not going to have anything like that to report in Morgan county. But today we heard of one Morgan county farmer who had no use for farm adviser nor forecast the insect injury and who was going to seed his wheat now in spite of protests of his neighbors. Men of this type are a menace to any community and we regret that we cannot get 100 per cent co-operation in the seeding of wheat this fall. Our safe date is October 1st and we will avoid the Hessian fly provided we do not seed until that date and keep down volunteer wheat in the meantime.

daughter had business in Jacksonville Tuesday.

Farm Bureau Notes

I. A. A. Representative Here Tuesday.

Z. M. Holmes of Peoria county, vice president of the I. A. A. spent Tuesday at the farm bureau office going over the joint membership agreement of the farm bureau and the I. A. A. At present we have 1040 members in both organizations.

In addition the farm bureau has 73 members who are members of the county organization only. This makes the grand total of membership for the farm bureau 1113. In general the records at the farm bureau office corresponded exactly with the monthly reports made to the Treasurer of the I. A. A.

New Accounting System.
When the farm bureau was first organized under the name of the Morgan County Farmers club a simple system of single entry bookkeeping was sufficient for all purposes, but with the growth of the organization and the joint membership with the I. A. A. and the branching out into various business enterprises has come a demand for a more accurate system of accounting. A representative of the state leader's office and the representative of the I. A. A. have devised a double entry system adapted to our work. Representatives of the state leader's office are installing these in the various county farm bureau offices.

The new system will be installed in the farm bureau office October 1st by a special representative.

Pig Club Sale.
We have not yet set the date on which to terminate our pig club project with a show and sale. We hope to find a date very early in October that will be acceptable to both farm bureau members and members of the pig club. A visit to the homes of the pig club members reveals the fact that the pigs have been well taken care of and will undoubtedly make a fine showing at the round up sale.

W. J. Carmichael, Sec. of the National Swine Growers' association, has been suggested as a judge for this sale. Mr. Carmichael is certainly a competent man for the work.

Cowpeas as a Catch Crop.
When the chinch bugs cleaned out several acres of corn for Ruly York of the Chapin road he secured several bushels of cowpeas and drilled them into the part of the field that was thinned out by the bugs. At the present time these cowpeas are one of the most showy crops to be found in the county. If any of our readers have never seen a good crop of cowpeas it is well worth while to glance over the field. The crop will be cut and cured for hay or hogged down along with the corn.

Potato News.
As the county agent has just returned from a vacation in the potato region and is in constant correspondence with growers, he is asked frequently concerning the probable price of potatoes in this county. At present there is an indication that potatoes will sell this fall far cheaper than they did last fall. The growers in the Red River Valley have agreed to hold their seed stock for \$1.25 per bushel, but eating potatoes can be procured in regions closer to us at a lower figure than that stated, however, freight rates are higher this year than last and the overhead expense of handling them in most localities is equal to or greater than last year. As near as we can find out, potatoes in Illinois are practically a failure and farm bureaus in the corn belt region are preparing to furnish their membership with northern grown eating potatoes.

Fool Killer Needed.
Over in Adams county we heard of a farm bureau member that persisted in sowing his wheat early in September in spite of all the warnings from the state entomologist and farm bureau members. We are congratulating ourselves that we were not going to have anything like that to report in Morgan county. But today we heard of one Morgan county farmer who had no use for farm adviser nor forecast the insect injury and who was going to seed his wheat now in spite of protests of his neighbors. Men of this type are a menace to any community and we regret that we cannot get 100 per cent co-operation in the seeding of wheat this fall. Our safe date is October 1st and we will avoid the Hessian fly provided we do not seed until that date and keep down volunteer wheat in the meantime.

The Finest Pie Crust Is Easy To Make—Can You Make It?

SOME people say that the making of flaky, delicate and easily digested pie crust "is an art."

Perhaps it used to be. Today even the inexperienced girl can make the finest pie crust.

Only two things are necessary. A good recipe—which is given here. And Mazola—which is sold by all grocers.

Mazola makes delicate, flaky and easily digested pie crust because it is an absolutely pure, vegetable oil—from an equable source.

Wherever you find cooks making really good pie crust, you will find Mazola.

And once you try Mazola you will never go back to lard and compounds.

PIE CRUST

1 1/4 cups sifted flour
1/4 teaspoon salt
1/2 teaspoon Baking Powder
1/2 cup Mazola
4 tablespoonsful Cold Water

Sift dry ingredients. Add water to Mazola and beat until creamy. Mix quickly into dry ingredients. Press onto slightly floured board and roll to desired thickness. This recipe makes one double pie crust.

NEW YORK GIANTS AGAIN WIN FROM CUBS

Three Pitchers Hard—Bancroft Leads Attack With Four Hits Out of Four Times Up.

New York, Sept. 22.—New York defeated Chicago today 7 to 2 in the Cubs last game here this season. Tyler and Bailey were batted hard while Douglas steadied after the second inning. Tyler lasted two innings and Bailey was taken out in the fourth with one out after a double and two successive singles netted New York two runs. Frisch then doubled off Martin batting in another run, but the Cub pitcher prevented further scoring.

"CARMEN" COMING FRIDAY NIGHT

"Carmen", the Bizet opera in four acts which Ralph Dunbar has revived this season with talented Lorna Doone Jackson in the name part, will be the offering at the Grand Theatre Friday, Sept. 24. Mr. Dunbar, in his characteristic way has spent many thousands of dollars on this production; to be exact \$75,000 has been checked out for scenery, costumes, properties and lighting effects. The company numbers sixty people and two cars are required to carry the scenic effects and the four horses and quaint Spanish coach used in the progress of the opera.

Because of the magnitude of the production only the larger cities are being visited this season. Every foot of stage room is used in the big theatres from the footlights to the back wall to set the massive scenery. Mr. Dunbar has an innovation in stagecraft in the way of a portable electric light plant which furnishes all the "juice" for the pretentious lighting effects. This plant is built on an auto truck and is self propelling from the cars to the theatre and return.

SEVEN CHICAGO PLAYERS INVOLVED

Testimony Alleged to Have Been Given Showing Crookedness in World's Series—Benton, Giant Pitcher, to Be Summoned.

Chicago, Sept. 22. — Evidence that the world's series last year between the Chicago American and Cincinnati National League clubs was "not on the square" was presented to the Cook county grand jury which today began an investigation of alleged baseball gambling, according to a statement issued tonight by Hartley Replogle, prosecutor in charge of the investigation.

Seven Chicago players are involved, Mr. Replogle said, but none of the Cincinnati players were implicated. He charged in his statement, however, that some of the witnesses were not living up to their pledges that they would make public all information they had.

President B. B. Johnson of the American League; Presidents Charles Comiskey and William Veck of the Chicago American and National League clubs, respectively and several baseball writers were questioned today.

President Johnson and President Comiskey after being questioned for more than an hour each, were ordered to appear before the jury again Tuesday. The investigation will last for at least a week it was said tonight.

Jacob (Rube) Benton, New York National pitcher will be on stand tomorrow and President John Heydler of the National League will be examined Monday or Tuesday.

President Johnson told the jury his own investigations had not revealed any proof of throwing games this year. He did not make public his testimony concerning last year's games.

President Comiskey said he held up the world's series checks of several Chicago players last year while investigating charges that had come to his attention but declared he had obtained no proof against any player.

subpoenas were issued tonight for John J. McGraw, manager of the New York National League team, Barry McCormick, umpire in the Chicago-Philadelphia game August 31, John O. Seys, secretary of the local National League club; Ray Schalk, catcher for the Chicago Americans and William Birch, a former newspaperman.

Charles Stoneham, president of the New York National League club, and Joe Vila, a New York newspaperman will be asked to appear later, Mr. Replogle said. The men subpoenaed tonight were ordered to come before the jury next Tuesday.

"THE LEAVES' VACATION"

By Louise Untal

One autumn day Mother Tree did say,
"Now children, turn your heads this way."
While we join in a merry little song
For you won't be with me long."

The leaves all gave a mournful sigh,
And shivered in the air so high,
"We know Mother dear, our vacation is near
But what will you do without us here?"

Mother Tree tried so hard to smile,
"Don't fret my dears, in a very short while
New brothers and sisters will be here
To join you all within the year."

But I must stay here always the same
Never grumble, nor even complain;
For my branches make shade for every one
From the slanting rays of the summer sun."

BROOKLYN RETAINS LEAD IN NATIONAL

Five Games Ahead of New York —Only Has to Win Two More Games While New York Must Win All Five Games from the Brooklyn Team.

New York, Sept. 22.—Brooklyn retained its five game lead in the National League pennant race by defeating Boston today, while New York was taking the final game of the season with the Chicago Cubs.

Cincinnati was eliminated from the race by losing two games to Pittsburgh.

The race between Brooklyn and New York has resolved into this: Brooklyn with a lead of five games over the Giants, has six more games to play, one with Boston and five with New York. The Giants have eight more games to play, two with Boston, one with Philadelphia and the five with Brooklyn. To win the pennant Brooklyn has to win one game from the Giants and the final game of the season with Boston on October 3rd, or win two of the five games with the Giants. In either case it would be impossible for McGraw's men to tie Manager Robinson's club.

No games were played today in the American League and the standing continues with Cleveland one and a half games ahead of Chicago and the latter the same distance ahead of New York.

How time flies—they will soon be going to school again but—photographs of the children never grow up.

Women of Middle Age

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change in her life without experiencing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, smothering spells, fainting spells, nervous troubles and irregularities are symptoms that should have prompt attention. These two letters prove what a successful remedy Lydia E. Pinkham's Vegetable Compound is for women at this time of life.

These Two Women Helped During Change of Life.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months caused by female trouble. My cousin, who was a doctor, told me to take Lydia E. Pinkham's Vegetable Compound and it helped me greatly. Then during the Change of Life I used the same remedy. I am seventy years old now and am able to do my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had. Your remedy is the best on earth. I cannot find words to express my gratitude for it."—Mrs. SUSAN C. STAPLES, 157 B School St., Taunton, Mass.

Philadelphia, Pa.—"I want to let you know what good Lydia E. Pinkham's Vegetable Compound has done me. I had organic troubles and am going through the Change of Life. I was taken with a pain in my side and a bad headache. I could not lie down, could not eat or sleep. I suffered something terrible and the doctor's medicine did me no good at all—my pains got worse instead of better. I began taking the Vegetable Compound and felt a change from the first. Now I feel fine and advise any one going through the Change of Life to try it, for it cured me after I had given up all hopes of getting better. I will tell any one who writes to me the good it has done me."—Mrs. MARGARET DANZ, 743 N. 25th St., Philadelphia, Pa.

NEW YORK GIANTS AGAIN WIN FROM CUBS

But Three Pitchers Hard—Bancroft Leads Attack With Four Hits Out of Four Times Up.

New York, Sept. 22.—New York defeated Chicago today 7 to 2 in the Cubs last game here this season. Tyler and Bailey were batted hard while Douglas steadied after the second inning. Tyler lasted two innings and Bailey was taken out in the fourth with one out after a double and three successive singles. New York two runs. Frisch then doubled off Martin batting in another run, but the Cub pitcher prevented further scoring.

"CARMEN" COMING
FRIDAY NIGHT
"Carmen," the Bizet opera in four acts which Ralph Dunbar has revived this season with talented Lorna Doone Jackson in the name part, will be the offering at the Grand Theatre Friday, Sept. 24. Mr. Dunbar, in his characteristic way has spent many thousands of dollars on this production; to be exact \$75,000 has been checked out for scenery, costumes, properties and lighting effects. The company numbers sixty people and two cars are required to carry the scenic effects and the four horses and quality Spanish coach used in the progress of the opera. Because of the magnitude of the production only the larger cities are being visited this season. Every foot of stage room is used in the big theatres from the footlights to the back wall to set the massive scenery. Mr. Dunbar has an innovation in stagecraft in the way of a portable electric light plant which furnishes all the "juice" for the pretentious lighting effects. This plant is built on an auto track and is self propelling from the cars to the theatre and return.

SEVEN CHICAGO PLAYERS INVOLVED

Testimony Alleged to Have Been Given Showing Crookedness in World's Series—Benton, Giant Pitcher, to Be Summoned.

Chicago, Sept. 22.—Evidence that the world's series last year between the Chicago American and Cincinnati National League clubs was "not on the square" was presented to the Cook county grand jury which today began an investigation of alleged baseball gambling, according to a statement issued tonight by Hartley Replegle, prosecutor in charge of the investigation.

Seven Chicago players are involved, Mr. Replegle said, but none of the Cincinnati players were implicated. He charged in his statement, however, that some of the witnesses were not living up to their pledges that they would make public all information they had.

President B. B. Johnson of the American League; Presidents Charles Comiskey and William Veeck of the Chicago American and National League clubs, respectively and several baseball writers were questioned today. President Johnson and President Comiskey after being questioned for more than an hour each, were ordered to appear before the jury again Tuesday. The investigation will last for at least a week it was said tonight.

Jacob (Rube) Benton, New York National pitcher will be on stand tomorrow and President John Heydler of the National League will be examined Monday or Tuesday.

President Johnson told the jury his own investigations had not revealed any proof of throwing games this year. He did not make public his testimony concerning last year's games.

President Comiskey said he held up the world's series checks of several Chicago players last year while investigating charges that had come to his attention but declared he had obtained no proof against any player.

subpoenas were issued tonight for John J. McGraw, manager of the New York National League team. Barry McCormick, umpire in the Chicago-Philadelphia game August 31, John O. Seys, secretary of the local National League club; Ray Schalk, catcher for the Chicago Americans and William Birch, a former newspaperman.

Charles Stoneham, president of the New York National League club, and Joe Villa, a New York newspaperman, will be asked to appear later, Mr. Replegle said. The men subpoenaed tonight were ordered to come before the jury next Tuesday.

"THE LEAVES' VACATION"
By Louise Untal

One autumn day Mother Tree did say,
"Now children, turn your heads this way",
While we join in a merry little song
For you won't be with me long."

The leaves all gave a mournful sigh,
And shivered in the air so high,
"We know Mother dear, our vacation is near
But what will you do without us here?"

Mother Tree tried so hard to smile,
"Don't fret my dears, in a very short while
New brothers and sisters will be here
To join you all within the year."

But I must stay here always the same
Never grumble, nor even complain,
For my branches make shade for every one
From the slanting rays of the summer sun."

BROOKLYN RETAINS LEAD IN NATIONAL

Five Games Ahead of New York
—Only Has to Win Two More Games While New York Must Win All Five Games from the Brooklyn Team.

New York, Sept. 22.—Brooklyn retained its five game lead in the National League pennant race by defeating Boston today, while New York was taking the final game of the season with the Chicago Cubs.

Cincinnati was eliminated from the race by losing two games to Pittsburgh.

The race between Brooklyn and New York has resolved into this: Brooklyn with a lead of five games over the Giants, has six more games to play, one with Boston and five with New York. The Giants have eight more games to play, two with Boston, one with Philadelphia and the pennant Brooklyn has to win one game from the Giants and the final game of the season with Boston on October 3rd, or win two of the five games with the Giants. In either case it would be impossible for McGraw's men to tie Manager Robinson's club.

No games were played today in the American League and the standing continues with Cleveland one and a half games ahead of Chicago and the latter the same distance ahead of New York.

How time flies—they will soon be going to school again but—photographs of the children never grow up.

Women of Middle Age

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change in her life without experiencing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, smothering spells, fainting spells, nervous troubles and irregularities are symptoms that should have prompt attention. These two letters prove what a successful remedy Lydia E. Pinkham's Vegetable Compound is for women at this time of life.

These Two Women Helped During Change of Life.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months, caused by female trouble. My cousin, who was a doctor, told me to take Lydia E. Pinkham's Vegetable Compound and it helped me greatly. Then during the Change of Life I used the same remedy. I am seventy years old now and am able to do my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had. Your remedy is the best on earth. I cannot find words to express my gratitude for it."—Mrs. SUSAN C. STAPLES, 187 B School St., Taunton, Mass.
